OVERVIEW

Discover the versatile SLS-3 RL from STARCRAFT with Shestakov Yacht Sales — a smart, comfortable choice for relaxed cruising and lively days on the water. Speak with broker Andrey Shestakov and the Shestakov Yacht Sales team to configure yours and plan delivery.

Selecting a SLS-3 RL

Choosing the SLS-3 RL means prioritizing easy ownership, social deck layouts, and dependable outboard performance. As a compact motor yacht with a sociable pontoon-планировкой platform, it suits lakes, bays, and calm coastal zones where efficiency, comfort, and simple maintenance matter. Shestakov Yacht Sales and Andrey Shestakov can help match this model to your cruising style and options.

Features of the Model

• Purpose-built pontoon layout for relaxed entertaining and family day boating.
• Durable construction with an алюминиевым корпусом and aluminum deck surfaces for long-term resilience.
• Practical single-outboard setup from YAMAHA for straightforward operation and service.
• Manageable size at 24 ft (7.32 m) for easy trailering, storage, and access to shallow waters.

Technical Specifications

• Length overall (LOA): 24 ft / 7.32 m

- Engines: 1 x YAMAHA
- Engine type: Outboard
- Fuel type: Unleaded
- Hull material: Aluminum Yachts
- Deck material: Aluminum
- Hull configuration: Other
- Classification: motor yacht | pontoon design | aluminum build

Pricing and Ordering

Pricing varies with engine selection, outfitting, and delivery timing. Contact Andrey Shestakov at Shestakov Yacht Sales for current availability, option guidance, and a tailored quote on the SLS-3 RL from STARCRAFT. We coordinate specs, documentation, and logistics through to handover.

Questions and Answers

Q: What waters suit the SLS-3 RL best? A: With its **pontoon** layout and **single outboard** , it’s ideal for lakes, rivers, and protected coastal areas where comfort and easy handling are priorities.

Q: How does maintenance compare to similar boats? A: The **aluminum hull** and **YAMAHA outboard** simplify upkeep, with corrosion-resistant structure and widely supported engine service.

Q: Can Shestakov Yacht Sales help with financing and delivery? A: Yes. Andrey Shestakov and **Shestakov Yacht Sales** can assist with **financing** , **insurance** , and **delivery logistics** tailored to your location.

Q: What customization is typical on this model? A: Buyers often tailor **seating layouts** , **electronics** , and **comfort options** to fit family use or entertaining.

Q: Is the size manageable for new owners? A: At **24 ft (7.32 m)** with a **single-engine** setup, the SLS-3 RL is approachable for first-time owners, with support from Shestakov Yacht Sales for training and onboarding.

Owner Experience Review

Owners describe the SLS-3 RL by STARCRAFT as a social-friendly tri-toon that shines on family cruising days and sandbar meetups. The RL layout's lounge focus is frequently praised for its roomy feel, comfortable helm ergonomics, and generally solid fit-and-finish. Many buyers highlight amenity packages—Seadeck-style flooring, upgraded audio, integrated ski tow, and extended aft deck—as the features that turn casual outings into full-day entertaining.

On the water, owners report stable, confident manners in calm to moderate chop, with the HMX triple-tube configuration improving tracking and taming porpoising. Performance impressions are closely tied to engine choice: 200–300 hp setups are favored for towing and quick hole-shot with a crew aboard, while 115–150 hp packages are often viewed as adequate for relaxed cruising but light for higher-load days. Routine care centers on typical pontoon upkeep and accessory tweaks; owners note that pre-wiring for lighting and stereo simplifies DIY upgrades and that engine brand and dealer network influence ongoing service experience.

Pros and Cons

• Spacious RL lounge layout supports social cruising and entertaining with comfortable seating.
• HMX triple-tube option enhances tracking and reduces porpoising in moderate conditions.
• Pre-wiring for accessories makes stereo and lighting upgrades more

straightforward.

• Lower-horsepower rigs (115–150 hp) can feel underpowered on the larger tri-toon layout.

• Premium amenity packages and audio upgrades can add notable purchase cost.

• Service experience varies by outboard brand and local dealer network.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
SLS-3 RL	24' 0" (7.32 m)				
Limited 2321 IO	23' 0" (7.01 m)	8' 0" (2.59 m)
