OVERVIEW

Shestakov Yacht Sales presents the 35 SPARTAN by STREAMLINE — a performance-focused center console designed for serious mariners who demand speed, range, and versatility. Guided by broker Andrey Shestakov, our team matches each client with the optimal configuration for sport, cruising, or tournament duty.

Selecting a 35 SPARTAN

Choosing the 35 SPARTAN means selecting a motor yacht that blends offshore capability with day-boat comfort. Its triple-power setup and sturdy construction make it an appealing choice for serious anglers and family boaters alike. Collaborate with Andrey Shestakov and Shestakov Yacht Sales to align your usage profile with propulsion, layout, and finish options for confident ownership.

Features of the Model

• Triple MERCURY outboards: responsive power delivery and efficient cruising.
• Center console ergonomics: clear sightlines, balanced footprint, and open deck flow under the центрального кондиционного формата.
• Construction: a durable композитный корпус with fiberglass deck for reliable, low-maintenance service.
• Purpose-built hull: optimized “Other” configuration to balance speed, tracking, and seakeeping in variable conditions.

Technical Specifications

• Model: 35 SPARTAN by STREAMLINE
• Type: motor yacht; layout under the центральной консоли
• Hull: стеклопластиковый корпус; Deck: Fiberglass; Hull configuration: Other
• LOA: 35 ft (10.67 m)
• Beam: 11 ft (3.35 m)
• Draft (min): 8.202 ft (2.5 m)
• Engines: 3 x MERCURY, Outboard, Unleaded

Pricing and Ordering

Pricing varies with engine specification and finish selections. Contact Andrey Shestakov at Shestakov Yacht Sales for current availability, build slots, and to tailor your 35 SPARTAN to your needs. We coordinate survey, logistics, and closing for a smooth acquisition.

Questions and Answers

Q: What defines the 35 SPARTAN in its class? A: It’s a performance-forward motor yacht with triple outboards, a balanced beam, and an open deck plan within the центральной консоли segment.

Q: What engines power the boat? A: Three MERCURY outboards using **Unleaded** fuel, offering strong acceleration and efficient cruise.

Q: What is the hull made of? A: A **fiberglass** deck over a стеклопластиковую конструкцию hull for strength and low upkeep.

Q: How large is the 35 SPARTAN? A: **LOA 35 ft (10.67 m)** with an **11 ft (3.35 m)** beam and a minimum draft of **8.202 ft (2.5 m)** .

Q: Who can assist with purchase and delivery? A: Broker **Andrey Shestakov** and the team at **Shestakov Yacht Sales** manage selection, negotiation, and logistics for your 35 SPARTAN.

Owner Experience Review

Owners are drawn to the 35 SPARTAN for its dual character: a tournament-focused center console that still welcomes family and friends for social cruising. The walkaround deck, forward sun lounge, and aft seating simplify day trips, while the console head and ample in-deck storage support longer coastal runs. Several listings reference Bahamas-ready outings, which aligns with the model's range and deck utility as outlined by brokers.

On the water, the modified V hull with approximately 22.5° deadrise is credited by brokers and testers with delivering a confident, smooth ride in typical coastal chop. With high-horsepower outboards, owners can expect mid 30s to around 40 knots for efficient cruise and low 50s at the top end, depending on engine package and load. Some boats are equipped with Seakeeper Ride underway stabilization, which sellers note reduces pitch and roll on offshore passages. While the platform has clear strengths, buyers should conduct thorough due diligence given broker reminders about the STREAMLINE business/production interruptions and the higher service demands of triple outboards.

Pros and Cons

• Confident, smooth ride from the ~22.5° deadrise modified V in typical coastal chop.
• Versatile layout blends tournament ready fishability with family friendly seating and storage.
• Strong performance envelope with mid 30s to ~40 kt cruise and optional

stabilization on some boats.

• Triple outboards raise routine service costs and complexity versus single engine setups.

• Business/production interruptions at the STREAMLINE level warrant checking dealer and warranty support.

• Small boat size limits multi day charter use and cabin amenities for larger groups.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
Center Console	26' 0" (7.95 m)	8' 0" (2.59 m)	5' 9" (1.75 m)	40 kn / 52 kn	
45	45' 0" (13.72 m)	13' 0" (3.96 m)	9' 4" (2.83 m)		
34CC	34' 0" (10.36 m)	10' 0" (3.05 m)	7' 11" (2.42 m)		
35 SPARTAN	35' 0" (10.67 m)	11' 0" (3.35 m)	8' 2" (2.50 m)
