OVERVIEW

The M-5 SLZ by SYLVAN is a practical dayboat marketed as a motor yacht in a pontoon arrangement, built on an aluminum hull. Offered through Shestakov Yacht Sales with broker Andrey Shestakov, this model combines uncomplicated propulsion, sturdy construction, and compact dimensions ideal for leisurely outings.

Selecting a M-5 SLZ

If minimal maintenance, easy handling, and resilient construction are priorities, the M-5 SLZ is worth evaluating. Measuring 27 ft LOA with an 8 ft beam, it remains manageable while delivering the open deck space expected of a pontoon. Powered by a single MERCURY outboard specified by SYLVAN, it caters to owners seeking straightforward operation and economical cruising. For tailored advice on uses, inspections, or alternative models, contact Andrey Shestakov at Shestakov Yacht Sales.

Features of the Model

• Classified as a motor yacht with a pontoon configuration
• Robust aluminum hull and aluminum decking
• Single MERCURY outboard for uncomplicated upkeep and easy handling alongside docks
• Runs on unleaded fuel, increasing compatibility with most marinas
• 60-gallon fuel tank capacity suitable for day excursions and lengthy idle time at anchor
• Documented hull configuration listed as “Other” in the supplied specifications

Technical Specifications

- Builder: SYLVAN
- Model: M-5 SLZ
- LOA: 27 ft (8.23 m)
- Beam: 8 ft (2.59 m)
- Engines: 1 x MERCURY, Outboard
- Fuel type: Unleaded
- Fuel capacity: 60 gal
- Hull: aluminum
- Deck material: Aluminum
- Hull configuration: Other
- Classification: motor yacht; Type: pontoon

Pricing and Ordering

Current pricing, lead times, and stock status for the M-5 SLZ are provided on request. Please contact Andrey Shestakov at Shestakov Yacht Sales for price quotes, build slot information, to arrange a viewing, or for help comparing this motor yacht against other pontoon models with an aluminum hull.

Questions and Answers

Q: What is the **engine** setup on the M-5 SLZ? A: The boat is fitted with a single **MERCURY outboard** designed to run on **unleaded** fuel, offering straightforward and efficient propulsion.

Q: What is the **hull** and **deck** made of? A: The structural hull material is aluminum and the **deck** is finished in **aluminum** , delivering strength and reduced maintenance.

Q: What are the boat's **LOA** and **beam** ? A: The vessel measures 27 ft (8.23 m) LOA and has an 8 ft (2.59 m) beam, providing the stable platform expected from a pontoon.

Q: How is this boat classified by **category** ? A: It is listed as a motor yacht configured as a pontoon, built by SYLVAN.

Q: How do I discuss **pricing** and **availability** ? A: Contact **Andrey Shestakov** at Shestakov Yacht Sales for up-to-date **pricing** , **availability** , and to schedule an inspection or reserve the M-5 SLZ.

Owner Experience Review

Owners commonly use the M-5 SLZ from SYLVAN for family outings and social gatherings, appreciating lounge-style arrangements that work well for sandbar stops and party-boat scenarios. The interior is frequently praised for feeling upscale—Cool Touch vinyl, plentiful seating, a raised helm, integrated swim ladder, and large under-seat compartments are features guests and owners highlight for comfort and convenience.

Many owners describe the ride as composed and reassuring, helped by a stable 102 inch beam; opting for tritoon or SPX configurations further enhances lift and straight-line tracking. Independent testing of a similar M5 layout fitted with a 300 hp outboard recorded planing in about 3.3 seconds and speeds near 41–42 mph in test conditions, matching owner reports of suitability for light watersports and towing. Keep in mind that actual performance and handling depend on engine selection, load distribution, and the quality of dealer setup.

From a post purchase perspective, SYLVAN provides a “Lifetime +6” limited warranty, with service carried out through authorized dealers. Owners advise that parts and warranty claims are managed via the dealer network rather

than direct factory channels, making the dealer relationship important; compiling a detailed punch list at delivery is recommended, as some repairs can take time based on dealer availability.

Pros and Cons

• Smooth, confidence inspiring ride with a stable 102-inch beam, and tritoon/SPX options that improve lift and tracking.
• Social, lounge focused layout featuring Cool Touch vinyl, generous seating, practical storage, a raised helm, and an integrated swim ladder.
• Well suited for family day cruising and light watersports; independent trials on a related M5 with 300 hp showed rapid planing and roughly 41–42 mph top speeds.
• Ride and handling are sensitive to engine choice, payload, and how the dealer configures the boat.
• Fit and finish can require attention at handover, so a comprehensive dealer PDI and punch list are advisable.
• Warranty repairs and parts are processed through authorized dealers, which may lengthen turnaround times depending on dealer workload.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
8524 LZ Supertoon-Tritoon	24' 0" (7.57 m)	8' 0" (2.59 m)		22 kn / 30 kn	2425
