## OVERVIEW

---

Crafted by TECNOMAR, the 90 is a performance-orientated motor yacht in the Motor yachts segment, built on a sturdy fiberglass and plastic hull. Measuring 90 ft (27.43 m) overall and capable of speeds up to 30 knots, it merges spirited performance with practical accommodation for assured cruising. Presented by Andrey Shestakov and the Shestakov Yacht Sales team.

## Selecting a 90

---

Opt for the 90 when your priority is rapid, economical passages combined with straightforward handling. With a 25-knot cruising pace (28.77 mph) and a 30-knot top end (34.52 mph), this motor yacht is well suited to dynamic itineraries, while a 20 ft (6.3 m) beam delivers enhanced onboard space and stability. Its 16.404 ft (5 m) draft positions the model for deep-water operation typical of premium Motor yachts.

Twin MTU inboard diesel engines supply dependable thrust, supported by generous fuel and freshwater reserves that extend cruising range and autonomy. The three-head arrangement preserves privacy for owners and guests alike. For tailored advice on this model, viewings, or negotiation support, count on Andrey Shestakov and the Shestakov Yacht Sales team.

## Features of the Model

---

- 90 ft (27.43 m) LOA provides commanding presence and generous interior volume
- 25-knot cruise and 30-knot top speed deliver brisk, efficient passages
- Twin MTU inboard diesel engines offering established reliability and service networks

- 20 ft (6.3 m) beam increases onboard comfort and transverse stability
- 16.404 ft (5 m) draft engineered for secure offshore performance
- Three heads arranged to maximize guest comfort and privacy
- 1,550 gal fuel capacity and 400 gal fresh water capacity to support extended cruising
- Deck finished in Fiberglass; hull built with fiberglass and plastic construction
- Presented as a refined motor yacht within the broader Motor yachts class

## Technical Specifications

---

- Length overall (LOA): 90 ft (27.43 m)
