OVERVIEW

The 3500 SOVRAN from Tiara is a multi-role motor yacht engineered as a capable cruiser for owners who want straightforward operation, dimensions that suit many marina slips, and dependable twin inboard power. Built on a sturdy fiberglass and plastic foundation, it strikes a practical balance between comfort and seaworthiness for day outings or extended coastal runs. Represented by Shestakov Yacht Sales, broker Andrey Shestakov stands ready to assist with selection and purchase.

Selecting a 3500 SOVRAN

Opting for the 3500 SOVRAN puts emphasis on a manageable hull length while retaining the safety and redundancy of twin engines. With inboard VOLVO propulsion, a single head, and tankage sized for routine cruising, this model appeals to owners seeking an easy-to-handle coastal cruiser for family days, weekend escapes, or relaxed passages. Consult with Andrey Shestakov at Shestakov Yacht Sales to align the boat with your cruising plans, marina restrictions, and maintenance preferences.

Features of the Model

• Classification: a compact motor yacht in the cruiser segment intended for adaptable coastal use.
• Construction: hull fashioned to fiberglass and plastic standards with a fiberglass deck that favors longevity and straightforward upkeep.
• Propulsion: twin inboard VOLVO engines designed to run on unleaded fuel, simplifying maintenance and enhancing confidence while maneuvering in tight harbors.
• Onboard essentials: a thoughtful interior arrangement anchored by one

head, with fuel and water capacities sized to support frequent cruising without constant refueling.
• Brokerage support: Shestakov Yacht Sales and Andrey Shestakov offer expertise for surveys, paperwork, and the logistics of delivery.

Technical Specifications

• Length overall (LOA): 35 ft (10.67 m)
• Beam: 13 ft (3.94 m)
• Draft (max): 10.105 ft (3.08 m)
• Engines: 2 x VOLVO, Inboard
• Fuel type: Unleaded
• Fuel capacity: 250 gal
• Water capacity: 70 gal
• Heads: 1
• Hull material: fiberglass and plastic
• Deck material: Fiberglass
• Hull configuration: Other

For up-to-date pricing, availability, and to arrange a showing of the 3500 SOVRAN by Tiara, contact Andrey Shestakov at Shestakov Yacht Sales. Our staff will organize inspections, negotiate terms on your behalf, and handle the contract and delivery arrangements.

Questions and Answers

Q: What type of yacht is the 3500 SOVRAN by Tiara? A: It is a motor yacht configured as a practical cruiser with a fiberglass and plastic hull engineered

for dependable coastal performance.

Q: What are the key dimensions of the model? A: The 3500 SOVRAN has an **LOA of 35 ft (10.67 m)** , a **beam of 13 ft (3.94 m)** , and a **maximum draft of 10.105 ft (3.08 m)** .

Q: What engines power this yacht and what fuel does it use? A: It's fitted with **twin VOLVO inboard engines** that run on **unleaded** fuel, providing familiar servicing routines and smooth propulsion.

Q: What are the onboard capacities? A: The yacht carries **250 gal of fuel** , **70 gal of water** , and includes **1 head** , matching the expectations for a compact cruiser.

Q: How can I purchase through Shestakov Yacht Sales? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** for assistance with vessel inspection, offer preparation, contracting, and delivery of your 3500 SOVRAN.

Owner Experience Review

Owners commonly praise the 3500 SOVRAN by Tiara as a couple-oriented cruiser that comfortably exceeds weekend expectations. Typical use stretches from quick overnights for two to three people up to extended 5–7 day excursions, with light fishing from the swim platform and casual entertaining in the cockpit. On passage, owners report a comfortable cruise in the low–mid 20s of knots and top speeds exceeding 30 knots on IPS-equipped versions, with many noting a generally dry ride. Comparisons between the Sovran and Open variants indicate the 3500 SOVRAN handles heavier seas with greater composure, and Volvo Penta IPS with joystick control adds reassurance when working close to docks.

Inside, the layout is frequently described as unusually spacious for a vessel under 40 feet: a larger salon, a mid-cabin media area convertible to a berth,

and a commodious head. The social cockpit and helm arrangement receive steady commendation, and options such as helm A/C or an enclosure are often valued for warm or transitional climates. Some owners mention noticeable generator noise at anchor. Maintenance notes emphasize good engine-room accessibility through a forward day hatch and an actuated cockpit sole, while IPS pods benefit from regular, authorized servicing; experienced cruisers tend to carry spare parts and tools, and a number of pre-owned listings cite periodic generator or turbo work.

Pros and Cons

• Roomy interior for a sub-40' vessel with a practical mid-cabin/convertible berth arrangement plus a well-appointed galley and head.
• Assured handling and a relatively dry ride, typically cruising comfortably in the low–mid 20s knots and capable of 30+ knots on IPS installations.
• Volvo Penta IPS joystick simplifies docking and tight-quarters maneuvering for most skippers.
• Generator noise can be intrusive at anchor, according to several owners.
• IPS pods demand routine, specialist maintenance which can be costlier than traditional shaft drives.
• Best tailored to couples or small parties (2–3 people) for weekend or 5–7 day voyages; larger groups may find living space constrained.

Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/ Max)	Gross Tonnage
3500 SOVRAN	35' 0" (10.67 m)	13' 0" (3.94 m)	10' 1" (3.08 m)
