# OVERVIEW

---

The 85 Double Deck from YAPLUKA is a roomy sail yacht engineered for long distance voyaging and outfitted as an upscale cruiser, constructed on a sturdy fiberglass and plastic foundation. Listed internationally by Shestakov Yacht Sales, this design delivers genuine offshore range and liveaboard comfort under sail, supported by deliberate naval architecture and systems integration.

## Selecting a 85 Double Deck

---

Opting for the 85 Double Deck is a logical choice if you prioritize expansive onboard volume, extended autonomy between ports, and the redundancy of twin auxiliary units. As a blue water capable sail yacht with a cruiser orientation, it combines a generous footprint (85 ft LOA, 41 ft beam) with a deep draft for seakeeping and a resilient fiberglass and plastic hull form. For extended family adventures or professionally run charters, its capacities and construction materials suit those uses well.

## Features of the Model

---

- Configured as a long range sail yacht with practical cruiser amenities and systems.
- Robust fiberglass and plastic hull paired with a composite deck for durability and serviceability.
- Twin auxiliary propulsion: 2 × Yanmar inboard diesel engines for propulsion redundancy and maneuvering ease.
- Significant tankage to support autonomous cruising: approximately 1,585.03 gal of fuel and 792.52 gal of potable water.
- Generous beam (41 ft / 12.7 m) that increases interior volume and enhances

platform stability.

## Technical Specifications

---

- Length overall (LOA): 85 ft (25.91 m)
- Beam: 41 ft (12.7 m)
- Max draft: 18.045 ft (5.5 m)
- Engines: 2 × Yanmar, Inboard, Diesel
- Hull: fiberglass and plastic
- Deck: Composite
- Fuel capacity: 1,585.03 gal
- Fresh water capacity: 792.52 gal

## Pricing and Ordering

---

For up to date pricing, available build slots, and delivery timelines for the 85 Double Deck by YAPLUKA, contact Andrey Shestakov at Shestakov Yacht Sales. Our brokerage will manage specification choices, documentation, survey coordination, and delivery logistics to facilitate a tailored purchase process that fits your cruising intentions.

## Questions and Answers

---

Q: What type of yacht is the 85 Double Deck? A: It is a sail yacht laid out as a serious cruiser built in fiberglass and plastic, well suited to extended offshore passages. Core strengths are **range** , **comfort** , and **stability** .

Q: What are the principal dimensions? A: Principal dimensions are **LOA 85 ft (25.91 m)** , **Beam 41 ft (12.7 m)** , and **Max draft 18.045 ft (5.5 m)** , providing substantial living volume and offshore capability.

Q: What powers the yacht under engine? A: Propulsion is provided by two **Yanmar inboard diesel** engines, offering dependable auxiliary power for harbor handling and passage motoring when sails are underperforming.

Q: What are the fuel and water capacities? A: Fuel capacity is **1,585.03 gal** , and fresh water capacity is **792.52 gal** , enabling extended legs between fuel and water stops.

Q: How do I order through Shestakov Yacht Sales? A: Contact **Andrey Shestakov** at **Shestakov Yacht Sales** to explore the 85 Double Deck from YAPLUKA. We will guide you through specifications, surveys, and transactional procedures to align acquisition with your schedule and cruising objectives.

## Owner Experience Review

---

As a large multihull from YAPLUKA, the 85 Double Deck is most often marketed toward luxury owner family cruising and charter operations. The deck level owner's stateroom with a forward outlook and a saloon planned for near 360° sightlines emphasize liveaboard comfort and panoramic visibility. An especially wide beam supports roomy interior and exterior social areas, a flybridge, and multiple en suite guest and crew cabins. Published design notes and brokerage listings reference CE Category A certification and very large tankage, both indicators of suitability for extended offshore voyages.

Underway, the broad twin hull platform and extended waterline produce a reassuringly stable ride at anchor and when making way, with noticeably less roll than comparable monohulls. With an upwind sail area of roughly 395 m<sup>2</sup> and a lightweight displacement in the neighborhood of 75 t, the yacht's sailing character should be expected to be steady and comfortable rather than sporty; the factory listed twin 66 cv auxiliary engines imply relatively modest motoring reserves for a vessel of this size.

Buyers should note the original shipyard ceased operations in March 2009, and the designer indicates construction was subsequently continued by an overseas yard—circumstances that can complicate build records and long term manufacturer support. Public owner feedback specific to the 85 Double Deck is limited, so commissioning a comprehensive pre purchase survey covering hull structure, tankage, and onboard systems is advisable. Brokers frequently cite Yanmar inboards for auxiliary power; maintenance routines should follow standard Yanmar service practices, with no particular recurring defects reported in available listings.

## Pros and Cons

---

- Deck level owner's suite with a forward panoramic view and a saloon designed for near 360° visibility.
- Extremely wide beam yields a stable multihull platform and generous living areas, including a flybridge and expansive deck spaces.
- Flexible mission profile: owner family cruising, charter configurations, and extended passages are supported by CE Cat A notation and substantial tankage.
- Sailing performance is expected to be moderate rather than high performance, and the twin 66 cv auxiliaries indicate only modest motoring capability for the vessel's displacement.
- The original shipyard's closure in 2009 and later continuation of construction by another yard can affect the availability of original build documentation and long term factory support.
- Limited detailed owner reports in public forums mean a full pre purchase inspection of structure, tanks, and systems is essential.

## Comparison with Other Models

Model	LOA	Beam	Draft	Speed (Cruising/Max)	Gross Tonnage
Yapluka	115' 0" (35.10 m)	48' 0" (14.75 m)	7' 10" (2.40 m)		
100 DD	100' 0" (30.48 m)	45' 0" (13.94 m)	20' 3" (6.17 m)		
85 Double Deck	85' 0" (25.91 m)	41' 0" (12.70 m)	18' 1" (5.50 m)		
Luxury Catamaran	73' 0" (22.31 m)	37' 0" (11.30 m)	5' 5" (1.65 m)
