# OVERVIEW

---

Presenting the magnificent 2025 Lazzara UHV 100, a vessel that epitomizes the zenith of maritime innovation and elegance. This motor yacht, with its extensive array of features, versatile functionality, and stunning aesthetics, is as much a cherished masterpiece as it is a luxurious seafaring vessel.

The Lazzara UHV 100, proudly bearing the prestigious Lazzara name, is a distinguished member of the unrivaled UHV series. A leader in the yacht manufacturing industry, Lazzara is renowned worldwide for its precision, craftsmanship, and passion, all of which are beautifully embodied in their creations. The UHV 100 model stands as a testament to Lazzara's commitment to luxury, unparalleled performance, engineering excellence, and an unforgettable experience on the open sea.

Measuring an impressive 100 feet, or approximately 30.48 meters, the Lazzara UHV 100 is a true giant among motor yachts. However, its generous dimensions do not detract from its aesthetic appeal. Instead, this motor yacht achieves a perfect balance between spaciousness and elegance. Its exterior boasts a sleek, aerodynamic profile that flows seamlessly from bow to stern, appearing as if sculpted by the very winds themselves. This is elegance redefined.

The hull design has been meticulously engineered not only for visual allure but also to enhance hydrodynamic performance. This innovative design allows the Lazzara UHV 100 to glide through waves effortlessly, akin to a knife through butter. The streamlined structure minimizes drag and friction, optimizing fuel efficiency while ensuring a smooth ride, complemented by its powerful twin engines.

Reliability and opulence are the foundational principles of Lazzara's design ethos, and stepping aboard the UHV 100 transports you to a realm of unmatched luxury. Its thoughtfully designed interiors can graciously host up to

ten guests across five spacious cabins, all while maintaining privacy and comfort. Every detail, from furnishings to decor, is meticulously selected to radiate an atmosphere of understated elegance.

The master suite is a masterpiece in its own right, offering a generous private sanctuary complete with a lavish ensuite and views that rival any luxury waterfront accommodation. The guest cabins are equally sumptuous, featuring ensuites, soft linens, and plush furnishings, each room exuding a sense of indulgence that meets, if not surpasses, the highest standards of luxury living.

For those who enjoy entertaining, the main salon and dining area provide a generous and versatile space. The salon, adorned with comfortable seating and state-of-the-art entertainment systems, along with a dining area featuring a magnificent table, offers breathtaking views of your surroundings.

Outdoor enthusiasts will find the UHV 100 to be a dream come true. The sun deck is a sunbather's paradise, complete with a spa pool, bar, dining, and lounge areas, all serving as perfect vantage points for stunning seascapes. The aft deck also offers an open-air retreat ideal for dining under the stars or enjoying a refreshing drink at sunset.

The 2025 Lazzara UHV 100 is a motor yacht like no other. Performance, design, and luxury converge in this extraordinary vessel. Its powerful presence resonates in its graceful navigation through the waters, its exceptional handling capabilities, and its interiors designed for ultimate guest comfort. Whether embarking on a leisurely cruise, an extended voyage, or hosting a celebration on the water, the UHV 100 promises to elevate every journey into an unforgettable experience.

In summary, the 2025 Lazzara UHV 100 is more than just a motor yacht; it is a floating sanctuary of luxury, a masterpiece crafted by the talented artisans at Lazzara, and a symphony of elegance on the sea. Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies the essence of luxury living.

# DETAILED DESCRIPTION

---

## Section name

---

The UHV 100 yacht is expertly designed to offer unmatched interior space, featuring the highest gross tonnage in its category. Its space efficiency is so advanced that it competes with yachts twice its size. With an impressive 2,800 square feet (260 square meters) of interior area and 1,345 square feet (125 square meters) of exterior decks, the Lazzara UHV 100 offers an extraordinary onboard lifestyle, truly representing a home on the water.

The yacht's design incorporates additional volume that enlarges the upper and main decks aft, while also significantly increasing the forward deck area.

Owners can opt to transform the aft upper deck into a private terrace by selecting the unique layout with the master suite on the second deck. In this setup, the main deck includes a spacious galley and country kitchen, along with the salon and formal dining area. Alternatively, if a second deck salon is desired, the master suite can be situated on the main deck, taking the place of the country kitchen.

On the lower deck, the yacht features four large guest cabins instead of the standard three, making a total of five guest cabins. The crew quarters are also expanded with the addition of a third bunk room, increasing the crew accommodations to five. This well-considered design ensures that both guests and crew enjoy the highest levels of comfort and luxury while aboard the UHV 100.

## Accommodations

---

The yacht is crafted to elegantly accommodate up to 10 guests within its five opulent staterooms, guaranteeing a sumptuous experience for all aboard.

Each stateroom is meticulously designed to offer the highest levels of comfort and sophistication, creating an ideal sanctuary for relaxation and seclusion. Beyond the guest quarters, the yacht is prepared to host a dedicated crew of five, housed in three thoughtfully designed cabins. This setup ensures the crew can deliver flawless service while enjoying their own comfort and efficiency. The blend of expansive guest and crew accommodations underscores the yacht's dedication to providing an outstanding onboard experience for everyone.

## Features

---

The yacht is outfitted with a remarkable selection of features that guarantee both comfort and efficiency on the water. Beginning with the electrical systems, it includes a shore power inlet, generator, and inverter, ensuring dependable power management for all onboard operations. The electronics package is extensive, featuring a depth sounder, radar, wind speed and direction indicators, and a computer. The navigation center is well-equipped with a plotter, autopilot, compass, and GPS, ensuring accurate and secure navigation. Entertainment needs are met with a DVD player, radio, and cockpit speakers, while communication is supported by a VHF radio.

Inside, the yacht is furnished with a variety of equipment designed to enhance the onboard living experience. A stern thruster and bow thruster offer excellent maneuverability, while a dishwasher, washing machine, and electric bilge pump add convenience. The galley is fully equipped with an oven, microwave, and refrigerator, complemented by an electric head, air conditioning, heating, and hot water systems for maximum comfort. A fresh water maker and sea water pump ensure a continuous water supply, and a battery charger keeps all systems operating smoothly.

Outside, the yacht boasts a teak cockpit and sidedecks, adding a touch of sophistication and durability. A hydraulic gangway provides easy access, while

cockpit cushions and a table create a comfortable space for relaxation. The cockpit shower and swimming ladder enhance the outdoor experience, making it easy to enjoy the water. This comprehensive list of features underscores the yacht's dedication to delivering a luxurious and seamless experience for everyone on board.

## Specifications

---

The yacht's specifications highlight its superior engineering and opulent design. With a cruising speed of 12 knots and a top speed of 16 knots, it boasts a range of 1,500 nautical miles, ideal for long-distance journeys. The yacht spans 100 feet in total length, with a beam of 24.25 feet and a maximum draft of 6 feet. Its waterline length is 92.17 feet, and it has a dry weight of 331,000 pounds.

Equipped with electric warping drums and a hydraulic windlass with a drum, the yacht is supported by a robust electrical system of 220V-60 and 220-50 global power. The tanks are designed for both efficiency and capacity, featuring a 660-gallon fresh water tank, three fuel tanks with a total capacity of 3,500 gallons, and a 500-gallon holding tank, all made from epoxy composite.

Propulsion and stabilization are enhanced with optional features like an aft docking station with throttle, joystick, and thruster controls, hydraulic bow and stern thrusters, and premium electric AC fin stabilization by CMC. The hull and superstructure are finished with high-performance marine paint in a sleek white color.

The electrical system is comprehensive, featuring AC-110/220V main switchboards, shore power inlets, and Glendinning Cablemasters. The DC-24V system includes house and engine room batteries, with the capability to use engine batteries to start the generator and vice versa. Optional features include Northern Lights generators, a Mastervolt inverter charger, and a shore power converter for global power input.

The fuel system is integrated with epoxy-coated tanks and Racor fuel filters, with optional stainless steel valves and an Alfa Laval fuel polishing system. The sea water system includes Lazzara Custom FRP hull integrated sea chests and discharge boxes, with optional electronic anti-fouling systems.

Lighting is cutting-edge, with LED interior and exterior overhead lighting, optional Lazzara phantom 360 exterior LED courtesy lighting, and underwater lighting encircling the entire vessel. The navigation and alarm monitoring systems are custom-designed by Lazzara, featuring a Garmin navigation package with multiple GPSMap MFDs, marine radios, and autopilot.

Audio, video, and communication systems include an optional RTI cabin automation system, Sonos speakers, QLED TVs in various locations, and an onboard ethernet network with Wi-Fi. Optional features include a bow underwater camera and anchor cameras.

The plumbing systems are robust, with a 660-gallon fresh water tank, hot water boilers, and a black water tank with sea water wash systems. Optional features include a fresh water maker and a black water sewage treatment system.

The yacht's AC and ventilation systems include chilled water air conditioning and engine room ventilation with stainless steel fans. Deck equipment is extensive, with hydraulic windlass units, stainless steel anchors, teak decking, and optional features like a salon aft electric sliding door and a custom-made fore deck Jacuzzi.

Domestic equipment is upgraded with Miele appliances, a wine cooler, and multiple refrigerators. The interior features high gloss finishes with leather and stainless steel accents, while acoustics are enhanced with floating floors and full thermal and voice insulation.

Safety equipment includes a vessel-wide fire detection system, Coast Guard approved PFDs, and life rafts. The yacht's specifications reflect a commitment to luxury, safety, and performance, making it an exceptional choice for

discerning yacht enthusiasts.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
