DETAILED DESCRIPTION

Section name

The Power Catamaran "SALONE" is a remarkable vessel, epitomizing luxury and performance on the water. Built in 2015, this brand-new power catamaran is designed to impress with its tall stature and fast cruising capabilities, making it an ideal choice for a wide range of events. Whether hosting a large gathering or an intimate affair, "SALONE" accommodates groups of all sizes with a generous capacity of 185 passengers, ensuring a memorable experience throughout the year.

The first deck of "SALONE" is a testament to opulence, featuring a vast luxury saloon spanning 220 square meters. This space is complemented by a large bar, a state-of-the-art TV, and a music surround system, all designed to enhance the onboard experience. Guests can stay connected with Wi-Fi access, while the dining area and kitchen provide ample space for culinary delights. For those who enjoy outdoor cooking, a BBQ area is also available. The vessel is equipped with four WCs, including one designed for disabled access, all thoughtfully designed with flat decks for ease of use. At the back of the vessel, two swimming ladders and shower facilities invite guests to enjoy the water.

The upper deck offers a different ambiance, with an open layout that includes sun beds at the front for those who wish to bask in the sun. A large shaded area provides respite from the sun, complete with a bar and seating, as well as two additional WCs. For those seeking privacy and exclusivity, two VIP cabins are enclosed within the hulls, offering a retreat from the main areas.

"SALONE" is not just a vessel; it is a floating venue that combines luxury, comfort, and functionality, making it the perfect choice for any event on the water.

Overview

The Power Catamaran "SALONE" is a masterpiece of modern marine engineering, built in Cyprus under the stringent guidelines of the Cyprus Shipping Department and in accordance with Lloyd's Rules and Regulations for the classification of special service craft as of July 2011. Completed in 2015, this vessel boasts a composite construction, ensuring both durability and performance. With a length of 102 feet and a beam of 43 feet, the "SALONE" offers ample space for comfort and luxury. Its draft of 7.9 feet allows for smooth navigation, while the cruising speed of 11 knots, reaching a maximum of 12.6 knots, ensures a swift and enjoyable journey.

The design of the "SALONE" is the brainchild of naval architect H. Loizou and designer A. Demetriou, with Delap Shipping Limassol in Cyprus overseeing its construction. The vessel is powered by a 5KW generator and features a hydraulic tank with a separate Volvo engine of 200HP, which drives two side power bow thrusters SH 420/386 TC and a Muir Anchor Lift, providing exceptional maneuverability and anchoring capabilities.

Inside, the "SALONE" is equipped with a spacious main saloon and a large sundeck saloon, perfect for relaxation and entertainment. The onboard amenities include a bar and buffet, seven WCs, a kitchen for the crew, and four large crew cabins. Although not yet built, plans for two large VIP cabins promise future exclusivity and comfort. The electrical system is comprehensive, with 240V power available in all areas, 24V bilge pumps and alarms, and 12V lights and instruments ensuring safety and functionality.

For navigation and safety, the "SALONE" is equipped with a GPS GARMIN, RADAR RAYMARINE, AIS, and navigation lights. Additional safety features include bilge pumps, fire alarms, speakers, and a general alarm system, ensuring peace of mind for all aboard. The "SALONE" is a vessel that combines luxury, safety, and performance, making it an exceptional choice for those

seeking an unforgettable maritime experience.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
