OVERVIEW

The Baia One Hundred stands as a cutting-edge and contemporary yacht, distinguished by its expansive windshield and entirely open main deck. Stretching from bow to stern, this space is enveloped by a glass surface, transforming an enclosed area into a vast terrace with breathtaking sea views. A defining characteristic is the abundant natural light that permeates every corner, yet numerous features contribute to the Baia One Hundred's status as a truly avant-garde model. At the bow, you'll find a genuine outdoor lounge, while the stern seamlessly merges the cockpit with the interior spaces. The stern door provides access to the expansive glass superstructure, disappearing entirely into the ceiling to create a unified space that blends the living area with the cockpit.

The Master cabin is situated amidships towards the bow, spanning the full beam, and includes a spacious double bed and two desks, one on each side. In the same vicinity, there are two mirrored cabins with twin beds and a VIP cabin, each with a private head. Adjacent to the twin cabins and VIP cabin, a generous sundeck and a C-shaped sofa offer ample seating for all guests on board.

The crew quarters are located at the stern, featuring two cabins with bathrooms, next to a fully equipped galley, ensuring the preparation of exquisite meals even on long voyages.

M/Y BLACK LEGEND has been meticulously cared for by its sole owner and is available for purchase in turn-key condition. If you're considering yacht sales in the current boat location, this is an exceptional opportunity to buy a yacht that combines luxury with innovation.

DETAILED DESCRIPTION

Navigation Equipment

This yacht is equipped with a comprehensive suite of navigation equipment designed to ensure a smooth and safe journey on the water. At the heart of the system is the autopilot, which allows for effortless steering and course adjustments, freeing you to enjoy the voyage. The compass provides reliable directional guidance, while the display offers clear and concise information at a glance.

For precise positioning and route planning, the GPS is indispensable, working seamlessly with the plotter that includes a GPS antenna to ensure accurate navigation. Communication is made easy with the GSM phone and VHF radio, keeping you connected whether you're near the coast or out at sea.

The on-board computer integrates all these systems, providing a centralized hub for monitoring and control. Additionally, the radar enhances safety by detecting other vessels and obstacles, even in low visibility conditions. This array of advanced navigation tools ensures that you are well-equipped for any maritime adventure.

Technical Equipment

This yacht is outfitted with an impressive array of technical equipment, ensuring both functionality and comfort during your maritime adventures. At the forefront is the robust anchor system, providing secure mooring in various conditions. The yacht is powered by an extensive battery setup, featuring 16 batteries, which are efficiently maintained by a reliable battery charger, ensuring all systems remain operational throughout your journey.

Maneuverability is enhanced by the bow thruster, allowing for precise control

when docking or navigating tight spaces. The cockpit is designed for both utility and leisure, featuring a convenient cockpit table and luxurious teak finishes on both the cockpit and side decks, adding a touch of elegance to your onboard experience.

Safety is paramount, and the yacht is equipped with a fire extinguishing system, offering peace of mind while at sea. For those looking to explore beyond the yacht, a tender is included, providing easy access to shore or nearby attractions. Additionally, the electric winch simplifies sail handling, making it easier to adjust sails with minimal effort. This comprehensive suite of technical equipment ensures that you are well-prepared for any adventure on the water.

Domestic facilities onboard

The yacht is equipped with a range of domestic facilities designed to provide comfort and convenience during your time at sea. The air conditioning system ensures a pleasant climate throughout the vessel, allowing you to relax in comfort regardless of the weather outside. For waste management, the yacht features a black water tank, ensuring environmentally responsible disposal of waste.

Power needs are efficiently managed with an inverter, providing a reliable power supply for all onboard systems. Security and monitoring are enhanced with a video camera, offering peace of mind by keeping an eye on the surroundings. The warm water system ensures that hot water is readily available, adding a touch of luxury to your daily routine.

For those extended voyages, the watermaker is an invaluable asset, capable of producing 140 liters of fresh water per hour, ensuring a continuous supply of clean water. These domestic facilities are thoughtfully integrated to enhance your onboard living experience, making every journey as comfortable and enjoyable as possible.

Appliances

The yacht is equipped with a selection of high-quality appliances that enhance the onboard living experience, making it as comfortable and convenient as possible. The galley features not one, but two ovens, providing ample cooking capacity for preparing meals, whether you're hosting a gathering or enjoying a quiet dinner at sea. Complementing the ovens are two refrigerators, ensuring that you have plenty of space to store fresh ingredients and keep your beverages chilled, no matter the length of your voyage.

Entertainment is taken to the next level with the inclusion of a satellite TV antenna, allowing you to stay connected to your favorite shows and channels, even when you're far from shore. This array of appliances is thoughtfully integrated to ensure that life on board is as enjoyable and seamless as possible, providing all the comforts of home while you explore the open waters.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
