OVERVIEW

The 31.08m (102') Sanlorenzo SL102A is an Italian luxury motor yacht born at Sanlorenzo's Ameglia shipyard and delivered in January 2021, later benefitting from an extensive refresh across 2023–2024 that culminated in a comprehensive refit completed in 2024. Built with a GRP hull and superstructure, she fuses robust pedigree construction with contemporary elegance, presenting a vessel that is as handsome as it is seaworthy.

Comfortably arranged to welcome up to 10 guests in five sumptuous suites and supported by a dedicated crew of five, she offers intimate privacy and effortless hospitality. Twin MTU 16V 2000 M96L engines propel her onto the plane with assured authority, yielding a relaxed cruising speed of 24 knots and an exhilarating top speed of 28 knots that marries performance with practical range and efficiency. Styled by Zuccon International Project, her silhouette balances graceful Italian lines with athletic proportions, while generous exterior decks invite alfresco dining, sun lounging and uninterrupted horizon views.

Inside, the layout is crafted for comfort and refined living, augmented by sophisticated entertainment systems. A thoughtfully chosen inventory of water toys and a Williams Dieseljet 445 tender ensure lively days ashore and swift, stylish transfers. With proven engineering at its core and a meticulous recent overhaul, she is presented in immaculate condition and ready for immediate cruising — a striking modern superyacht for discerning owners who prize style, speed and comfort.
