OVERVIEW

Named for the effervescent cocktail, the Spritz 102 — VIVACE — arrives as a captivating new luxury motor yacht that invites leisurely entertaining and effortless seaside living. Its most striking feature is a plunge pool set within a cascading aft deck that rises from the water in a series of levels, leading to a main deck deliberately elevated above the sea. Alpha collaborated with Italian superyacht stylist Giorgio Cassetta and naval engineers Laurent Giles to create a platform focused on family enjoyment, executed with refined detailing and meticulous construction. As Cassetta observes, the yacht channels the relaxed, chic feel of a Miami beachfront villa while retaining exceptional practicality. The whole concept is founded on an uncompromising commitment to comfort. US DUTY PAID.

DETAILED DESCRIPTION

About

Named for a celebratory cocktail, the Spritz 102 VIVACE evokes the same spirited elegance suggested by its title: picture sipping a Spritz beside the central plunge pool set into a tiered aft deck that climbs gracefully from the waterline up to the main deck. Conceived by Alpha in close collaboration with Italian superyacht designer Giorgio Cassetta and naval architects Laurent Giles, VIVACE is conceived as a refined playground for families, marrying the laid back atmosphere of a Miami villa with carefully considered functionality. Comfort and privacy are given equal weight throughout. The lower deck houses five cabins with generous en suite bathrooms, twin cabins fitted with beds that are a full one metre wide and VIP suites appointed with king size beds and ample circulation space, all made possible by an unusually generous moulded beam of 8.1 metres for a yacht of this length. The voluminous hull form, combined with lightweight composite construction, produces an average draft of around 1.9 metres—perfect for cruising favourite waters from the Bahamas to the Sea of Cortez in Mexico. A straight bow ensures clean water entry so that modest installed power will sustain a comfortable 12 to 13 knot cruising speed; the Spritz 102 is offered with three engine configurations, including twin 1,000 hp Caterpillar C12.9 units that average about 100 litres per hour and deliver a range up to 3,000 nautical miles.

Exterior living is exceptional, with numerous sun and shaded lounging areas and expansive glazing that keeps guests visually connected to sea and sky even while reclined in bed. The full beam owner's stateroom is particularly dramatic, its oversized windows positioned less than half a metre above the waterline to create the rare impression of being at main deck level. A hydraulically operated aft platform handles a tender, while the 2,000 litre

plunge pool can be concealed beneath a teak deck to become a dance floor. An alfresco lounge overlooks the pool, a sheltered dining space comfortably seats 12 guests, a forward lounge provides additional generous seating, and the 76 square metre flybridge affords sweeping panoramic views and an extraordinary sense of space.
