OVERVIEW

NANGARA is a 2024 Sanlorenzo SL106A Asymmetric, a luxury motor yacht that distinguishes itself from the series through a single owner commission of a fully bespoke interior and an options list executed to a level rarely seen on an SL106A. RINA classed and commercially registered, she marries Italian pedigree with the poise of a contemporary superyacht while offering the ease of a turn key, fully equipped flybridge motor yacht. Her interiors reflect a substantive investment in refined materials and tailored finishes, where modern elegance meets relaxed comfort; a luminous, sea view salon opens onto a fold down balcony to create a seamless indoor-outdoor sanctuary. The main deck owner's suite affords exceptional privacy, and three double guest cabins plus a convertible twin provide opulent accommodation for up to 10 guests. Thanks to the asymmetric layout that maximizes volume and circulation, NANGARA delivers the sophistication, space and versatility expected of a premier superyacht in the 30m class, equally suited to blue water passages and stylish coastal cruising. Now offered for sale by her first and only owner, NANGARA is a rare opportunity to acquire a modern, fully loaded Sanlorenzo that is ready to cruise immediately.
