DETAILED DESCRIPTION

Remarks

With her elegant profile and unparalleled sea-keeping abilities, this 32M yacht is every inch a Princess, setting new standards of style, sophistication and personalisation; the magnificent saloon is illuminated along its whole length by vast windows to port and starboard, and to starboard large glass sliding doors open onto a spectacular drop-down balcony that extends the living space to the sea, while the owner's stateroom on the main deck enjoys elevated, cinematic views through large panoramic windows and the lower deck offers four luxurious en-suite guest staterooms to welcome family and friends in complete privacy; crew are accommodated in comfortable quarters with separate access from the starboard side deck, a spacious crew mess, two twin cabins and a double cabin, all en-suite, sit adjacent to the machinery room access and a dedicated remote module ensures easy access to the vessel's control and monitoring system, the wheelhouse occupies its own raised deck with commanding sightlines forward, a central helm perch and a sociable dinette to port, and above the expansive flybridge is made for entertaining and alfresco dining where a spa bath is integrated with the sunbed, the generous aft section is ready to accept additional loose furniture and the hard top with an electric sunroof crowns the space as a truly premium feature; she was built to the RINA C HULL MACH Y UNRESTRICTED NAVIGATION standard, although she has not been maintained to that standard recently, and Blue Moon boasts Starlink, new navigation screens were recently installed and other works have been completed as and when required; she is regularly dry-docked, with detailed records available, lying in Manila (Philippines) and distinguished by her unique orange hull she has been lightly used with only 1753 engine hours on her twin MTU engines and is ready for her next owner, please contact us for

full technical specs and further details, as well as high resolution photos and videos taken by us aboard the yacht in June 2025.

Electrical equipment

The electrical backbone is configured for reliable, flexible operation, featuring one shore power converter for seamless dockside connection and two Cummins MDDCF ONAN 40KW generators delivering robust onboard power with an operating speed of RPM: 1500, oversight and load balancing are handled by a DEIF Power management system, while battery health is maintained by a Mastervolts charger to keep all onboard systems performing at their best.

Electronics

A professional grade bridge suite centers on a Furuno navigation center, complemented by radar, a depth sounder, a chart plotter and an autopilot for confident passagemaking; communications are clear and dependable via a Simrad VHF radio, a magnetic compass and a portable radio, while performance data flows from a log speedometer and wind speed and direction sensors, a computer with repeaters integrates and displays critical information, and a TV set completes the onboard media and monitoring environment.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
