## OVERVIEW

---

Lady Luna redefines expectations for the 30–35 metre class, marrying crisp contemporary lines with an owner-led build ethos that favours practicality as much as panache. Launched in 2025 by Marti Yat Shipyard in Istanbul, she is notable not only for the quality of her construction but for her provenance: conceived, constructed, flagged and owned in Turkey to a clear and highly personal brief.

Technically and temperamentally she represents a finely judged 30m motor yacht, where volume and arrangement have been optimised for living as well as performance. A full-beam 20 m<sup>2</sup> owner's suite sets the tone, accompanied by five en-suite staterooms accommodating up to 10 guests, while wellness appointments — including a traditional Turkish Hammam and a sundeck Jacuzzi — elevate the onboard lifestyle and position her among the most complete offerings in her superyacht peer group.

Underway, twin MAN 650 hp engines provide reliable, economical passagemaking, answering the growing demand for craft that pair operational efficiency with onboard comfort and generous interior volume. Equally at home as a private luxury yacht or as a highly marketable charter vessel, she satisfies both uses with ease.

The exterior and interior vocabulary, born of a collaboration between Italstyle Yacht Design and BTA Design, yields a refined, modern profile and interiors rarely seen at this scale, a coherence recognised by a nomination for the World Superyacht Awards. From a brokerage perspective, Lady Luna stands as one of the most complete and persuasive luxury motor yacht propositions currently available in her size bracket.
