# OVERVIEW

---

Discover the Epitome of Luxury: A 2014 Masterpiece

Step aboard this magnificent 105-foot yacht, a true testament to luxury and elegance, currently located in the stunning waters of Mexico. This exquisite vessel, built in 2014, is now available for sale, offering an unparalleled opportunity to own a piece of maritime excellence. Whether you're a seasoned sailor or looking to buy a yacht for the first time, this beauty promises to exceed all expectations.

With a beam of 23 feet and a draft max of 21.052 feet, this yacht boasts a spacious and stable monohull configuration, crafted from the finest fiberglass and plastic materials. Designed for both performance and comfort, it glides effortlessly through the water, reaching a cruising speed of 22 knots and a thrilling maximum speed of 28 knots, powered by two robust MTU engines.

Inside, the yacht is a sanctuary of sophistication, designed to accommodate up to 11 guests in lavish comfort. The interior, though not attributed to a specific designer, exudes an aura of timeless elegance, with six beautifully appointed heads ensuring privacy and convenience for all aboard. The crew is well-catered for too, with three dedicated cabins and berths for five, ensuring seamless service throughout your voyage.

The yacht's impressive gross tonnage of 199 pounds is complemented by a generous water capacity of 660 gallons and a fuel capacity of 3275 gallons, making it perfect for extended journeys across the azure seas. The deck, crafted from durable fiberglass, offers ample space for relaxation and entertainment, whether you're hosting a sunset soiree or simply soaking up the sun.

This yacht is not just a vessel; it's a lifestyle. It's an invitation to explore the world in unparalleled luxury, to create memories that will last a lifetime. With yacht sales in Mexico on the rise, this is your chance to own a masterpiece of

nautical engineering. Don't miss the opportunity to make this dream a reality. Contact us today to learn more about this exceptional yacht for sale and embark on your next great adventure.

# DETAILED DESCRIPTION

---

## Section name

---

This luxurious yacht is equipped with a range of high-end features and optional extras that ensure a superior experience on the water. At the heart of its technical prowess is the ASEA frequency converter, which seamlessly transfers power between 220V/110V and 50Hz/60Hz, eliminating the need for isolation transformers. The yacht is fitted with a Sea Recovery watermaker capable of producing 1800 gallons per day, replacing the standard Idromar system, ensuring a constant supply of fresh water.

For enhanced maneuverability, a hydraulic stern thruster is installed, while electric Zero Speed Fin stabilizers provide stability both at anchor and during navigation. Security is bolstered by a two-camera CCTV IP system, featuring one fixed camera in the cockpit and a pan/tilt camera in the engine room, complete with DVR recording capabilities. The MTU fixed control station in the cockpit offers precise control, and entertainment is guaranteed with the KVH TracVision M7 satellite TV system and Starlink connectivity.

The yacht's interior is equally impressive, featuring a 22" TV in the galley and a Raymarine GOLD package for advanced navigation, replacing the standard SILVER package. Communication is enhanced with an AIS 650 class B system. The exterior boasts a sleek hard top and four Oceanled underwater lights, while the flybridge is equipped with a luxurious Jacuzzi, as per the SL104-586 specification.

Comfort and style are prioritized with three additional Paola Lenti chairs in the cockpit and an extra set of enlarged hull side windows, two on each side. Privacy is ensured with four manual blackout shades, one for each lower deck stateroom, complementing the standard manual drapery curtains in the master stateroom. Each head is fitted with an overhead rain shower, and a

Pullman berth provides additional sleeping space.

Security is enhanced with safes in both the captain's cabin and the aft VIP stateroom. The master head features a steam shower, and the yacht's aesthetic is elevated with gloss lacquer on window wells and headliners, bleached oak wood bulkheads, and wood flooring in place of standard carpet in the saloon and guest cabin lobby.

The interior design is further refined with outboard cabinet furniture crafted from walnut and leather, leather headliners, and wall panels throughout the saloon, staircase, cabin, TV panel, bed heads, and bed boards. The saloon is adorned with two Minotti Davis poufs, two Maxalto lamps CL3, and a Super Tuft Fly 51 white carpet. A mirror sliding bathroom door adds a touch of elegance to the owner's cabin.

On the flybridge, an ice maker ensures refreshments are always at hand, while a 24" wine cooler keeps beverages perfectly chilled. The galley is equipped with a Miele KM 6386 cooktop featuring five burners instead of the standard four, and an additional fridge is available in the crew cabin. Finally, the yacht's garage houses a Nouvarania 16' tender powered by a Honda 50hp engine, ready for exploration and adventure.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
