DETAILED DESCRIPTION

Section name

[Rewritten Description]:

This yacht is a testament to advanced engineering and sophisticated design, featuring remarkable size and functionality. Stretching 32.01 meters (105 feet) in length and with a beam of 11.6 meters (38 feet 1 inch), it provides a generous and comfortable setting on the water. Its draft of 2.1 meters (6 feet 11 inches) allows for adaptable sailing across diverse marine landscapes.

The yacht's fuel capacity is impressive, with tanks capable of holding 36,000 liters (9,500 gallons), supporting extended journeys without the need for frequent refueling. Freshwater storage is plentiful at 7,500 liters (1,950 gallons), complemented by black water and gray water capacities of 3,000 liters (790 gallons) and 7,600 liters (2,000 gallons) respectively. A 200-liter (52-gallon) lubricating oil tank further ensures the engines run smoothly and efficiently.

At the core of this vessel are its power and performance, with two engine configurations to choose from. The standard EXP32-M setup includes two 750hp CAT C18 ACERT IMO Tier III engines, reaching a top speed of 14 knots and a cruising speed of 12 knots. For those desiring greater performance, the high-performance all-aluminum EXP32-M model is fitted with two 1800hp CAT C32 ACERT IMO Tier III engines, achieving a top speed of 22 knots and a cruising speed of 16 knots. Both setups offer a range of 3,400 nautical miles at lower cruising speeds, although performance can vary based on engine choice.

The accommodations are crafted with luxury and comfort as priorities, offering five guest cabins that can accommodate up to ten guests. The crew is well-provided for with three cabins, housing a total of six crew members. For those seeking more space, a six-stateroom layout is available, featuring a master suite on the upper deck.

This yacht masterfully blends technical excellence with refined design, making it an outstanding option for those with a discerning taste for yachting.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
