OVERVIEW

FIFTY SHADES is now on the market and stands out as one of the most exquisite and fully equipped Sanlorenzo SL106 yachts available. The current owner invested over \$500,000 in 2022 to elevate this already impressive vessel to extraordinary heights. Collaborating with renowned interior designer Cullen Moser, who previously worked on their last yacht, they meticulously replaced every piece of upholstery and fabric, creating a vibrant and cohesive color theme that is truly unique among SL106 models. Custom artwork has been commissioned to enhance this aesthetic throughout the yacht's interior spaces. With a master suite on the main deck and four additional guest staterooms, each featuring ensuite bathrooms, FIFTY SHADES is an ideal choice for large families or charter opportunities. The aft garage accommodates a 2020 Williams jet tender, a jet ski, and various water sports toys, complemented by a hydraulic swim platform for effortless access to the ocean. Recently, she underwent a comprehensive 2000-hour service on her MTU engines, which come with an extended warranty valid until November 2025. The powerful MTU 16V2000 engines deliver cruising speeds of 20-22 knots and can reach a top speed exceeding 29 knots. The yacht's exceptional condition extends to its engineering, with numerous upgrades and replacements of equipment and parts throughout. FIFTY SHADES is undoubtedly one of the finest five-stateroom yachts on the market and must be seen in person to truly appreciate its elegance and luxury. Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies sophistication and style.
