OVERVIEW

Launched in 2018, the Custom Line 108 is a striking 32.90-meter luxury motor yacht distinguished by avant-garde styling and emphatic performance. Built by the Ferretti Group, this sleek superyacht carries crisp, aerodynamic lines and a decidedly sporty stance. Propulsion comes from twin MTU 16V 2000 M96L engines, each delivering 2,638 hp.

Inside, the Custom Line 108 is arranged for generous comfort, with a light-filled main salon, a fully appointed galley, and several elegant staterooms. Vast windows and expansive exterior decks flood the yacht with natural light while framing sweeping sea views ideal for a flybridge motor yacht lifestyle.

Marrying advanced engineering with indulgent amenities, this planing superyacht excels at long-range cruising and effortless entertaining. The punch of her powertrain and the efficiency of her hull deliver a quiet, composed ride and exhilarating speed. To discover more about this exceptional opportunity, simply enquire for details.

DETAILED DESCRIPTION

Features

Crafted for life on the water and designed to impress at every turn, this yacht's exterior showcases a suite of thoughtful luxuries and robust equipment. An electro-hydraulic system in the garage makes hauling and launching a jet ski effortless, while a bow-door davit rated to 250 kg adds serious utility. An Idromar watermaker supports extended cruising, complemented by a Gaggenau grill for open-air entertaining. The flybridge is finished in teak and styled for relaxation with free-standing sunbathing cushions, and the main deck features custom parquet flooring for a refined ambiance. Practicality meets polish with movable teak flooring in the garage, a central bow teak gangway, a removable aft bimini UD for flexible shade, a convenient deck hand-shower, and underwater lights that create a dramatic evening glow. For safety and peace of mind, both CCTV and TVCC systems are installed.

Behind the scenes, the electrical and mechanical specification is equally compelling. Power is assured by a Kohler generator rated at 55 kW, paired with an auxiliary 55 kW 50 Hz generator and managed by an automatic generator paralleling system. A tropical-spec air-conditioning package serves the salon, cabins, and crew areas, while a centralized oil-change system streamlines maintenance across engines, inverters, and generators. Close-quarters handling is enhanced by a hydraulic stem thruster rated at 50 HP, and anchoring is monitored with a digital chain counter. Entertainment and control are elevated with an iPad mini positioned for the upper salon and sundeck, a DASH setup with JL Audio 7.7-inch speakers, and a premium internet package to keep you connected wherever you roam.

Inside, the yacht balances elegance with innovation. An electrically actuated glass door on the lateral side of the salon brings the outside in, and the guest

accommodation is optimized with a Pullman bed in the starboard cabin and another in the port cabin. Thoughtful lighting includes illumination beneath the beds in the lower deck cabins and accent lighting for the bar furniture on the main deck salon. TVs are fitted in both the cabins and the salon, and a wine cellar and dedicated dining table complete the atmosphere for refined onboard living.

Navigation and situational awareness are delivered by a Furuno NavNet TZtouch radar and chart plotter system, paired with a Furuno AIS Class B automatic identification system for confident passagemaking and secure operations.

Details are offered in good faith; however, accuracy is not guaranteed and the vessel's condition is not warranted. Prospective buyers are encouraged to have their agents or surveyors verify particulars of interest. This yacht is offered subject to prior sale, price change, or withdrawal without notice.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
