OVERVIEW

Built by Ferretti Custom Line, the 32.62m Navetta 33 Crescendo tri deck motor yacht CENTURION combines Italian refinement with remarkable onboard volume and comfortable seakeeping. Executed inside and out by Zuccon International Project, her interiors are flooded with natural light, while the signature main deck balcony and expansive exterior decks offer graceful, open spaces designed for relaxed living afloat.

Accommodating up to 11 guests across five staterooms, including a private full beam owner's suite, CENTURION boasts a versatile layout crafted for long range cruising, with dedicated areas for entertaining, formal dining and quiet relaxation when at anchor. The arrangement is generous and adaptable, delivering the feel of a larger yacht in a more efficient package.

A comprehensive 2025–2026 refit has further elevated the yacht's appointments: the sundeck has been reimagined as a large new lounge with increased seating capacity, a teak clad sunpad terrace was added forward on the bridge deck, and the main saloon now features newly installed flooring, all contributing to an updated, contemporary ambiance.

Commercially compliant with established charter credentials, this semi displacement superyacht provides the guest capacity and social spaces of a much larger vessel while remaining on an efficient sub 200 GT platform—offering a true big yacht experience without the proportional running costs. Maintained to the highest standards and presented in genuine turnkey condition, she is ready to embark on her next chapter.

DETAILED DESCRIPTION

Intro

Exterior styling by Zuccon International Project defines CENTURION, which was delivered in 2013 by Custom Line and built to RINA classification. As the thirteenth hull of the Navetta 33 series, she pairs elegant teak deckwork with a pristine, all white GRP hull and superstructure.

Exterior

Conceived to celebrate an outdoor lifestyle, this Navetta 33 for sale features elegant alfresco lounge and dining areas arranged across her three decks. The stern hosts two versatile aft lounge spaces, while a generously proportioned sundeck is dedicated to on-deck socialising. On the topmost level three individual sunbeds sit beside a sprawling open sofa, providing abundant room for guests to relax together. At the heart of this deck a fold-open grill and fully equipped cooking area allow for relaxed, informal dining al fresco. Immediately below, a teak-topped deck creates a seamless outdoors-to-indoor transition, offering welcome shelter from the heat of the day while inviting cooling breezes throughout.

Features

Conceived by the in-house studio of Zuccon International Project, CENTURION's contemporary interior masterfully marries understated luxury with warm, inviting comfort. Exceptional attention to detail is evident in the premium finishes and materials that extend through every space, while a carefully considered open-plan arrangement enhances perceived volume and bathes the interior in natural light, resulting in a bright, expansive and highly

functional environment for guests.

Accommodations

Designed for relaxed family cruising, CENTURION's guest quarters are thoughtfully located on the lower deck and arranged around a central lobby, comprising one double stateroom, two convertible cabins and a twin cabin. Flooded with natural light and crafted to feel spacious, each guest cabin provides generous built-in storage and its own en suite bathroom for complete privacy and convenience.

Engine

At the heart of the Navetta 33 sit twin MAN diesel engines, each producing 1,400 hp, propelling the yacht to a confident top speed of sixteen knots while preserving refined efficiency. The propulsion package is integrated with the vessel's elegant profile and sophisticated systems to deliver hushed, economical operation and composed handling, enabling effortless passages and assured control in a range of sea conditions. The overall effect is a cruising experience characterised by lasting comfort and reliable stability, inviting complete relaxation and confidence whatever the weather.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.
