OVERVIEW

The 2019 Ferretti Custom Line Navetta 33 is the very image of seafaring elegance: a 33 metre, tri deck superyacht that pairs composed lines with contemporary ingenuity, asserting a graceful presence wherever she roams. Her refined, optimized bulbous bow enhances seakeeping and fuel efficiency, enabling an impressive cruising range of about 2,000 nautical miles—perfect for long range bluewater passages in a luxury motor yacht.

A serene, personalized atmosphere runs through her interior, where a full beam master suite on the main deck and carefully appointed guest cabins below speak of understated luxury. Across four generous decks, expansive panoramic windows bathe the living spaces in natural light, while the sun deck invites alfresco relaxation complete with a tempting jacuzzi.

Custom Line's sophisticated onboard systems raise standards of comfort and stability in varied conditions, and the patented Dual Mode Transom cleverly converts the stern into an extended beach club and convivial social hub at the water's edge. Whether underway or at anchor, the Navetta 33 envelopes guests in tranquil calm, encouraging everyone to relish the voyage and the vistas. A harmonious union of style, technology and comfort, this displacement cruiser and flybridge superyacht is a reliable companion for exceptional seagoing experiences.

DETAILED DESCRIPTION

Additional information

A curated suite of upgrades elevates this yacht with natural Canaletto walnut joinery and wood flooring on the main deck, excluding the galley, while a teak-laid triangle graces the bow for a refined first impression, and ambience is perfected with dimmable lighting on the main, upper and lower decks as well as in the cockpit, complemented by an LED lighting rod beneath the bed in the master and in all lower-deck cabins. Privacy and ease come via powered curtain lifts on the upper deck and on the lower deck across four cabins, while mosquito screens protect all portholes in cabins, bathrooms and crew areas, including the optional opening windows. Expansive glazing is enhanced by electric convenience throughout with automatic opening for the aft glass door in the upper saloon, upgraded to a single-panel mechanism from the standard, automatic opening for the aft glass door on the main deck as an upgraded feature, and an electric lateral glass door to the saloon, and on deck fresh hot and cold water hand-showers are fitted both at the bow and on the sun deck, while shade is assured by a manual bimini over the bow dinette, additional manual biminis in the cockpits of the upper and main decks, a protective cockpit cover on the upper deck and a pole-supported bimini on the sun deck. Function meets finesse with two disappearing pop-up cleats on the swim platform and a Jacuzzi on the sun deck. Climate control and power are specified for serious cruising, with tropical-grade air conditioning featuring UTA, an upgraded main Kohler generator at fifty-five kW in lieu of forty-five kW and an auxiliary fifty-five kW fifty Hz generator, while low-speed authority and comfort are ensured by a hydraulic fifty-eight hp bow thruster with twin propellers and by gyro stabilizers further protected by a rope-cut system for the stabilizer fins. Night passages shimmer thanks to a suite of twelve

underwater lights, apportioned as five per side and two at the stern. Water-toy handling is effortless with an electro-hydraulic launch and recovery system for the jet ski in the garage, a 500 kg davit dedicated to the bow garage and removable teak flooring in the stern garage, which also benefits from its own pair of speakers. Entertainment and connectivity are thoroughly modern with a Premium Internet package, independent audio zones for the main-deck and upper-deck cockpits separate from the saloon and a super-premium exterior sound upgrade delivering eight JL speakers with two subwoofers on the sun deck, six speakers with two subwoofers in the main-deck cockpit, four speakers with one subwoofer at the bow and two speakers in the aft garage, complemented by a region-free DVD player and a comprehensive TV suite upgraded to slim LED displays with 55" screens in the upper saloon and master cabin, 48" screens in the starboard and port VIP cabins and in the starboard and port guest cabins, and a 28" screen in the captain's cabin, while a wine cooler in the upper-deck saloon and an icemaker on the sun deck complete the hospitality. In the master suite daily rituals become indulgences thanks to upgraded taps and fittings and a large rain shower head, while the lower-deck bathrooms are finished in marble and an additional mirror on the master's bow-side port wall enhances light and volume, and altogether these thoughtful details create a yacht that is as effortless as it is exquisite.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
