OVERVIEW

The exquisite 33m high-performance coupé, Sanlorenzo SP110-03, made its debut in March 2024.

This stunning yacht showcases an exterior crafted by the renowned Bernardo Zuccon, while the serene and minimalist interior, characterized by a theme of lightness, has been thoughtfully designed by Piero Lissoni. The hull, engineered by Marco Arnaboldi, is optimized for water-jet propulsion, ensuring efficient cruising capabilities. Complementing this eco-friendly design are solar panels and a lithium battery system, enhancing its sustainable features.

Step inside, and you'll discover a surprisingly spacious interior with a split-level main salon, where expansive windows offer breathtaking views. The salon seamlessly connects to the generous aft deck through sliding doors, creating a harmonious indoor-outdoor atmosphere. The SP110-03 can host up to eight guests in four luxurious cabins, including an Owner's suite, a guest cabin with twin beds that can transform into a lounge, and two VIP cabins, all located on the lower deck. The aft deck is a multifunctional area, perfect for social gatherings with modular furniture or for storing water toys and a tender while cruising. Convenient steps lead from the aft deck down to the swim platform. The SP110-03 is available with a full warranty and an extensive list of options. For those interested in yacht sales in the current boat location, this brand-new vessel is an opportunity not to be overlooked for anyone eager to buy a yacht and enjoy the summer on the water.
