OVERVIEW

At 32.97 metres in length, the Custom Line 108 is a planing superyacht that seamlessly marries the refinement of Italian design heritage with expansive onboard living. Her sleek profile carves an elegant silhouette while broad expanses of glazing flood the salon with natural daylight. Five beautifully appointed guest staterooms offer sumptuous accommodation, and an extensive flybridge fitted with generous sunpads enhances life at sea. Contemporary finishes combined with impeccable build quality ensure every passage is an exceptionally luxurious experience.

DETAILED DESCRIPTION

About the yacht

At 32.97 meters, the 2017 Custom Line 108 presents a commanding planing superyacht that marries renowned Italian craftsmanship with generous living spaces and refined seakeeping, promising an exceptional experience both underway and at rest. Her sculpted exterior profile creates a dynamic and elegant silhouette that speaks to Custom Line's design language, while expansive panoramic glazing and large windows usher abundant natural light throughout the interior, framing the sea in broad vistas and fostering a seamless connection between inside and out.

The interior atmosphere is one of sophisticated comfort, conceived for long stays aboard with premium materials, exquisite finishes, and meticulous attention to detail. The layout is expansive yet intimate, providing inviting spaces to entertain, dine and relax while preserving pockets of privacy and calm whenever required. The accommodation comprises five well-appointed guest cabins designed for versatile and comfortable sleeping arrangements for family and friends, each offering a private sanctuary after days on the water; the generous master suite enhances the yacht's sense of exclusivity with refined detailing and generous proportions that reflect the vessel's overall character.

Outdoor life is equally considered: an ample flybridge creates a natural stage for al fresco entertaining—whether for sundowner cocktails, dining beneath the stars or simply absorbing the panorama while cruising—while multiple sunbathing areas invite languid hours in Mediterranean sunshine. Decks are arranged to facilitate a fluid progression between lively social zones and more secluded retreats, ensuring ease of movement and conviviality at every turn. Performance remains a defining attribute of this planing superyacht,

combining the ability to cover significant distances efficiently with the onboard comfort expected of a yacht of this size. The hull and layout deliver a smooth, controlled ride whether gliding between coastal ports or enjoying an extended stay at anchor in a sheltered bay, equally suited to exploratory passages and relaxed leisure.

The harmonious balance of performance, internal volume and liveability makes the Custom Line 108 an appealing choice for owners who desire both relaxed family cruising and elegant entertaining. Generous deck areas, substantial interior volumes and multiple social spaces mean life at sea is enjoyed without compromise, while contemporary detailing and superior Italian workmanship bring the design to a refined conclusion.

From its striking exterior lines to the carefully executed interior finishes, every element reflects Custom Line's dedication to quality, resulting in a superyacht that blends modern elegance with practical functionality. With its notable dimensions, five cabin configuration, abundant outdoor living areas and accomplished performance, the 2017 Custom Line 108 offers a luxurious and versatile platform for owners who prize the pleasure of voyaging as much as the destinations themselves.

Equipments

The specification is thoughtfully appointed with a fin stabilizer to ensure smooth passages, an elegant hard top and a hydraulic platform that enhance both form and function, and an additional third station for assured control when maneuvering. A dedicated boat garage houses the tender, while a Seabop stands ready for watersports adventures, and satellite TV adds a layer of refined onboard entertainment. Precise handling in tight spaces is guaranteed by the presence of both a bow thruster and a stern thruster.

Other details

Engineered to inspire confidence at sea, the yacht is propelled by two MTU main engines, each producing 2,600 HP and currently showing 1,906 engine hours, while electrical power is supplied by a pair of Kohler generators rated at 55 kW apiece with logged hours of 6,520 and 6,514; underway comfort is further improved by Fin Stabilizers. The accommodation has been arranged with elegant living in mind, offering five guest cabins composed of one Master Cabin, two VIP Cabins and two Guest Cabins, a flexible configuration perfectly suited to private cruising with family and friends. The professional crew are accommodated in three dedicated cabins, including one Captain's Cabin and two twin crew cabins, preserving a discreet separation between service areas and guest spaces and ensuring smooth onboard operations. For effortless access ashore and intimate exploration of hidden coves, the yacht carries a Williams 505 Diesel tender ideal for transfers and waterside excursions. The full 2026 seasonal maintenance programme was completed in May 2026 and the 2026 RINA Annual Survey has been successfully concluded; regularly maintained and fully prepared for the season, the yacht is offered in ready-to-cruise condition, delivering exceptional comfort, reliability and operational efficiency.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
