OVERVIEW

ELBA is a stunning 33.4-meter motor yacht crafted in 1991 by Astilleros Armón. This exquisite vessel has been meticulously cared for, ensuring her classic aesthetic remains intact while seamlessly integrating modern conveniences. Designed for both safety and comfort, she boasts a robust steel hull paired with a sleek aluminium superstructure.

Conceived by the esteemed naval architect Willem de Vries Lentsch Jr., ELBA showcases a beautiful teak deck and an ageless charm. Powered by twin 625hp Caterpillar engines, she achieves a remarkable top speed of 14 knots and cruises gracefully at 12 knots, with an impressive range of 3,600 nautical miles.

The yacht's expansive interior, envisioned by Jaime Oliver, features luxurious materials such as mahogany, walnut, and palm root wood, creating an inviting atmosphere.

Her thoughtful layout includes two elegant salons, a centrally located galley, and five staterooms that can accommodate up to 12 guests. Each cabin is equipped with an en-suite bathroom, while the crew quarters can comfortably house up to seven crew members.

The Portuguese bridge leads to a spacious forward sundeck, while the aft deck and flybridge provide ideal settings for al fresco dining and social gatherings. The main salon is designed for entertainment, featuring a wet bar, ample seating, a games table, and a state-of-the-art entertainment center.

This yacht is currently available for sale, making it an exceptional opportunity for those looking to buy a yacht in the current boat location. Explore the world of yacht sales in the current boat location and discover the elegance and luxury that ELBA has to offer.
