# DETAILED DESCRIPTION

---

## Options

---

Powered by 12V2000 MTU, this yacht blends performance with poise, elevating on-board life through intelligent design and refined craftsmanship; the salon opens onto a side balcony via a sleek side sliding door, extending the living space over the sea, while a circular sliding door in the skylounge frames the dining area with a panoramic, sculptural flourish. Overhead, a teak-finished ceiling lends a warm, yachting pedigree to the interiors, and on deck comfort meets versatility with a custom umbrella positioned at the bow and a matching arrangement on the flybridge, complemented by a Jacuzzi on the sun deck for indulgent open-air relaxation. Command comes effortlessly from the helm station on the sun deck, with an additional aft deck station providing precise control during docking and close-quarters maneuvers, ensuring both confidence and convenience in every situation.

## Outside equipment/extras

---

The exterior is thoughtfully appointed for alfresco living, beginning with a teak cockpit and teak sidedecks underfoot that provide secure, elegant footing; generous cockpit cushions, a practical cockpit table, and a refreshing cockpit shower create a welcoming lounge at the water's edge, while a swimming ladder invites effortless dips in the sea. Access is refined and safe via a hydraulic gangway by MOR SAVERIO, and peace of mind is assured with a liferaft discreetly integrated yet always at the ready, completing a suite of extras designed for comfort, safety, and style.
