OVERVIEW

The Van der Valk 34M Explorer Tri-Deck is a celebrated superyacht, honoured with a Judges' Commendation at the World Superyacht Awards, and conceived for thoughtful, multigenerational voyaging. Crafted with artisanal skill and a commitment to genuinely inclusive design, this wheelchair-accessible explorer carries a custom hydraulic passerelle, an elevator that serves every deck and flush, step-free thresholds to ensure effortless circulation throughout.

Imagined as a refined motor yacht for families, it marries the silhouette and poise of a tri-deck superyacht with the robustness and capability of an expedition vessel, promising elegance, safety and serene life aboard.

A distinguished team forged this bluewater cruiser: a fast-displacement hull by Jaron Ginton complemented by Van Oossanen's award-winning Hull Vane, acoustic and vibration engineering from Van Capellen, exterior lines by Guido de Groot and a luminous interior concept by Carla de Guilhem. Immense picture windows, generous headroom, an expansive aft lanai and a formal dining salon cultivate a warm, sophisticated ambience. Arranged to welcome up to ten guests, the accommodation plan features two owner's suites, spacious VIP staterooms and inviting family areas. Driven by efficient twin MAN engines, the 34M Explorer combines performance, range and comfort — an elegant, family-first motor yacht built for adventures on every horizon.

DETAILED DESCRIPTION

Deck features

Expansive teak decks crafted from first quality timber with custom finishing set a warm, grippy stage for life at sea, while the aft deck elegantly unites a full bar, alfresco dining, and generous seating to create a social heart of the yacht. A broad swimming platform, integrated with molded stairs and dedicated tender mooring, invites effortless access to the water. Boarding is seamless via a hydraulic passerelle engineered to be wheelchair accessible, ensuring inclusive freedom of movement. Tender operations are handled with authority by a FEEBE hydraulic crane rated to 1000 kg. At the bow, the anchoring arrangement delivers absolute confidence with two MAXWELL 6000 VWCLP 100T hydraulic windlasses, complete with chain stoppers and stainless steel anchors for precise, powerful control.

Stabilization and comfort

Poised in every sea state, the yacht pairs two Seakeeper 26 zero speed gyros with Humphree electric fin stabilizers to quell roll both at anchor and underway, delivering a composed, confident ride. The acoustic comfort is meticulously curated through advanced noise and vibration insulation to the renowned Van Cappellen design. Climate control is refined and efficient via a full seawater cooled chilled water air conditioning system by CLION Marine, while underfloor heating in the salon, dining area, and bathrooms spreads a gentle, enveloping warmth whenever the mood or weather calls.

Electronics and navigation

Command comes naturally at a helm centered on a SIMRAD navigation suite

with NSO evo3 displays, HALO radar, the Precision 9 solid state compass, and an integrated autopilot—an intuitive, high fidelity bridge for confident passage making. Entertainment is delivered through state of the art onboard systems, while communication and broadcast needs are capably met by KVH TracVision TV6. A dedicated camera network keeps a watchful eye on the engine room and aft deck, ensuring clarity, safety, and peace of mind.

Additional features

Efficiency and poise are elevated by a custom designed Hull Vane® energy saving transom foil that enhances range, comfort, and seakeeping. Independence at anchor is assured with a Sea Recovery Aquamatic 1800 2 water maker producing 6,814 liters per day. Thoughtful touches abound, from deck showers set discreetly on the swim platform to a Lift Emotion wheelchair accessible elevator that effortlessly connects all decks. Inside, a high quality yacht standard finish invites personalization with bespoke selections in fine wood veneer, Corian surfaces, and luxurious soft furnishings. The interior design of Lady Lene presents refined, elegant spaces with high end finishes, emphasizing luxurious comfort and modern sophistication through seamlessly integrated premium materials and stylish furniture. Signature pieces by Ditre, Arketipo, Gallotti & Radice, and Bracci crown the aesthetic, while bathrooms are appointed with Ritmonio HAPTIC faucets and showers to underscore a commitment to quality and contemporary taste.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
