DETAILED DESCRIPTION

2010 Sunseeker 112-Blue

An exceptional example of the renowned Sunseeker 34 Meter series, BLUE represents the perfect blend of performance, elegance, and contemporary luxury. Built in 2010 by the world-class British yacht builder Sunseeker International, this 111-foot motor yacht delivers the unmistakable style, engineering, and craftsmanship that have made Sunseeker a leader in the global superyacht market. From the moment you step aboard, she impresses with sleek exterior lines and expansive deck spaces designed for both entertaining and relaxation, with wide side decks that lead forward to generous lounging areas and an aft cockpit that offers an inviting alfresco dining space flowing seamlessly into the yacht's stunning interior. The main salon is a showcase of refined luxury and modern design: large panoramic windows flood the space with natural light, highlighting rich American walnut cabinetry, high-gloss finishes, and carefully selected soft furnishings, while plush lounge seating creates an inviting atmosphere for guests to relax, socialize, or enjoy the yacht's premium entertainment system. Forward of the salon, the formal dining area provides seating for up to ten guests in an elegant setting, ideal for intimate dinners or sophisticated gatherings while underway. BLUE accommodates up to ten guests in five beautifully appointed staterooms, offering both comfort and privacy; the full-beam master suite located on the main deck is a luxurious retreat featuring expansive windows, a king-size berth, generous wardrobe space, and a private ensuite bath finished in fine stone and designer fixtures. Below deck, four additional guest cabins include two VIP double staterooms and two twin cabins, each with its own ensuite facilities and carefully crafted woodwork, with every guest space reflecting the yacht's sophisticated style by combining warm woods, soft

lighting, and high-end materials to create a serene onboard experience. The flybridge is one of the yacht's standout features, offering an impressive entertainment deck complete with a wet bar, sun pads, and a large dining area with panoramic views, an elevated space perfect for enjoying the open air whether cruising the coast or anchored in a quiet harbor. Practical features enhance the onboard lifestyle: a hydraulic swim platform provides effortless access to the water and simplifies launching tenders and watersports, stabilizers deliver enhanced comfort at anchor and underway, and generous crew accommodations for up to five ensure service is discreet and professional. Powered by twin MTU diesel engines, BLUE delivers exhilarating performance with a top speed of approximately 26 knots and a comfortable cruising speed around 22 knots, making her equally suited for long coastal passages or quick island hops; with her striking profile, luxurious accommodations, and impressive performance, she stands as a superb opportunity to own a pedigree Sunseeker superyacht that perfectly balances elegance, comfort, and power.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
