## OVERVIEW

---

Launched by Sanlorenzo in 2022, the 33-meter motor yacht ANMAX blends exhilarating pace with refined comfort and effortless handling. Zuccon International Project's exterior lines are balanced by serene contemporary interiors from Lissoni & Partners, while the sophisticated naval architecture of Studio Marco Arnaboldi provides the structural intelligence behind her dynamic temperament. Driven by three MAN engines, ANMAX reaches 37 knots, supported by a 12,000-litre fuel capacity that extends her range for longer passages. A GRP planing hull offers robust strength, efficient performance and an exceptionally smooth ride. Arranged with 4 lavish cabins to accommodate 8 guests and crew quarters for 5, she invites bespoke escapes across generous decks, elegant salons and premium amenities. A luxury motor yacht that doubles as a performance and planing superyacht with sport yacht character, ANMAX is perfectly suited to sophisticated cruising.

# DETAILED DESCRIPTION

---

## Construction

---

A robust fiberglass hull and superstructure are crowned by elegantly laid teak decks, uniting strength with timeless maritime style.

## Machinery

---

Propulsion is entrusted to three MAN V12 engines rated at 2,000 hp, paired with three MJP Water Jet CSU 550 units with central booster only, delivering Smart hydro jet propulsion for confident, quiet thrust and superb agility. Power generation comes from two 35 kW generators, while shore power is managed via one 400Vac/3 phase/125A, 3 poles + ground shore power with stern connection, supported by ASEA converters and a Cablemaster Glendinning system. Energy storage is courtesy of a lithium battery system providing 10h autonomy in night mode and 6h in daytime, enabling zero emission, noise free enjoyment onboard. Climate control throughout is handled by Dometic air conditioning.

## Other machinery

---

Freshwater independence is secured by Idromar watermakers; attitude and roll control come via Seekeeper 35 trim tabs/stabilizers, complemented by SeaKeeper #36 stabilisers for ultimate comfort. Precision maneuvering is aided by a hydraulic bow thruster, while steering is governed by the MJP Water Jet Control System. The freshwater circuit benefits from a purification system with UV filter SH500, and bilge management includes an additional pump for grey/black water with by pass to ensure efficient, safe filtration.

## Communication systems

---

Connectivity is comprehensive: the Furuno Diamond Package SSB works alongside an additional SSB Furuno, all complemented by a satellite and communication system with a KVH TV8 TV sat antenna dome, plus Starlink, GPS, and VHF antennas. High speed internet is delivered through 4 SIM and 4 MIMO 4x4 5G antennas with SIM MANAGER EXTENDER and WiFi 6, orchestrated by a KERIO management system for seamless, reliable data control.

## Navigation systems

---

Command and awareness are led by the FURUNO Diamond package, with a radar dome antenna forward, an additional Furuno display in the Captain's cabin dedicated to wind and anchor alarm, an additional Furuno weather station, and a FLIR thermal camera to unlock crisp night vision capability.

## Entertainment systems

---

The Audio/Video suite by Lissoni is upgraded for immersive enjoyment, joined by Pepwave MBX 4 SIM connectivity and four MIMO 4x4 5G antennas with SIM MANAGER EXTENDER WiFi 6, all governed by a KERIO management system for precise data traffic management. Sound is elevated with two pop up speakers with subwoofer in the bow area in substitution of the Diamond system, mirrored by two pop up speakers with subwoofer in the aft cockpit, likewise replacing the Diamond system for balanced, open air audio.

## Galley & laundry equipment

---

The main galley is comprehensively appointed with a combo microwave steam

oven, a 36 bottle wine cooler, garbage disposal, ice maker, under top freezer, fridge, and a countertop coffee machine, creating a refined culinary workspace. Additional provisioning is supported by a drawer fridge on the Sun Deck. For care and convenience, laundry is equipped by Miele, ensuring professional grade results onboard.

## Tenders & toys

---

A Williams Diesel Jet 505 at 110 hp carries up to 9 people with maximum speed 35, ensuring swift, dry, and comfortable transfers. The toy locker inspires active days on the water with four Seabobs, one Inflatable Fliteboard, and one Jobe Inflatable SUP.

## Deck equipment

---

Handling and access are effortless with an electric anchor windlass system and electric aft warping capstans. Ground tackle comprises one high holding power stainless steel anchor 130 Kg and one anchor as the main one provided with one chain length 27.5 m with 18 mm diameter rope 126 m; the anchor chain includes one chains 14 mm studless, length 137.5 m each, five lengths. Lifting is managed by Cannalicious boat crane and davits. Boarding is via an electro hydraulic stainless steel passerelle with teak passageway, retractable on the port side, while the teak laid swimming platform operates on an electro hydraulic power system for smooth motion. Further amenities include teak for the Sundeck; LED underwater lights with two transom and four side lights; a bow awning with 4 carbon poles and a stern awning with 4 carbon poles; inflatable fenders with inflator; an aluminum side ladder MarQuipt with seven steps; a carbon bathing ladder; a bow area sofa with two additional tick tables featuring an up and down system with the possibility to be transformed into a sunbathing area, additional cushions included; and two

additional cleats for the mooring area.

## Security, fire fighting & safety equipment

---

Security is anchored by a CCTV system featuring a 12" display for the monitoring system in the captain cabin, with two fixed in cockpit, 1 pan & tilt + 2 fixed in engine, enabling vigilant oversight of critical spaces. Fire preparedness is comprehensive, with a centralized engine room NOVEC or FM 200 firefighting system, a saltwater fire fighting system, an emergency E/pump 24V, and a certified fire alarm system with smoke detectors in the engine room, garage, each cabin, saloon, and wheelhouse, plus a petrol vapours alarm in the garage and portable powder, foam, and CO2 fire extinguishers. Safety inventory includes life rafts in two, life rings in six, EPIRBs yes, flares yes, and medical equipment yes, ensuring full compliance and peace of mind.

## Refit & upgrades summary

---

Refinement and readiness shine through with a glass railing, extra cushions on the windows in the main salon, and an expanding ellipse teak table with opening system, while water quality is elevated by a Puro water softener. All service maintenance made (650 hours' engine service, 24 month MJP water jet service, 2000 hours' generator service, 2000 hours Seekeeper service, AC, Watermaker, new anodes, etc.), and the boat is fully equipped with tableware (several sets), glasses, towels, bedlinen. It is 100% ready for the season, presented in true turn key condition.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
