OVERVIEW

Trades welcomed and financing available.

Island Girl is a graceful 112-foot Westport superyacht, launched in 2000 and lovingly refitted in 2017, where classic lines meet contemporary refinement. Her 24' beam and 5'6" draft create generous interior volume and easy access to shallow anchorages, while twin MTU 12V2000 diesel engines—each producing 1,850 hp and recently overhauled—deliver confident planing performance: a 24-knot top end and a comfortable 16-knot cruising speed that yield an approximate range of 1,100 nautical miles. With 5,500 gallons of fuel and 1,075 gallons of fresh water aboard, she is equipped for extended voyages, and the raised pilothouse and elegant flybridge offer commanding perspectives for both passage-making and entertaining.

Accommodations are arranged for luxurious privacy and service: four guest staterooms that sleep eight, complemented by three crew cabins for five, ensuring attentive operation and seamless hospitality. Island Girl's systems are chosen for quiet reliability and onboard comfort—Naiad stabilizers reduce motion at sea, Aqua Whisper watermakers support long trips, and twin Northern Lights generators (50 kW and 65 kW) provide dependable power; engine identifiers are Port 12142 and Starboard 12033. Expansive outdoor spaces invite relaxed socializing while the well-equipped flybridge, featuring Garmin electronics and abundant seating, serves as an alfresco salon at sea. Recent upgrades including Starlink connectivity, a refreshed owner's suite, and modernized galley appliances render this Westport 112 a turnkey, first-class motor yacht ready to deliver refined cruising.

Main features:

Twin MTU 12V2000 diesel engines, 1,850 hp each (overhauled)

24-knot top speed, 16-knot cruise, approx. 1,100 NM range

5,500 gal fuel capacity; 1,075 gal fresh water

4 guest cabins (8 guests) and 3 crew cabins (5 crew)

Northern Lights generators: 50 kW and 65 kW; Engine Port 12142, Engine Starboard 12033

Naiad stabilizers and Aqua Whisper watermakers

Starlink connectivity, refreshed owner's suite, updated galley appliances

Raised-pilothouse and flybridge with Garmin electronics

DETAILED DESCRIPTION

Vessel walkthrough

Step into the main salon and you're greeted by an open, welcoming space with plush seating, a formal dining area, and sweeping panoramic windows that pour in natural light. A newly installed salon TV elevates downtime, while refined finishes and high end décor set a calm, polished tone. Forward, the galley is fully equipped with modern appliances, recently upgraded for dependable, chef friendly performance. Accommodation is arranged for up to eight guests in four elegant cabins: a full beam master suite with a king size bed and private en suite, a VIP stateroom with a queen bed and en suite, plus a double and a twin for family or friends. Three crew cabins sleep up to five, ensuring attentive service with complete privacy. On deck, generous outdoor areas encourage relaxed entertaining and alfresco dining, and the flybridge offers ample seating, Garmin electronics with dual seventeen inch screens, and a well equipped helm with excellent sightlines. For smooth cruising, power comes from twin MTU 12V2000 engines at 1,850 horsepower each, completely overhauled at 6,000 hours; Naiad stabilizers enhance comfort underway, dual Aqua Whisper watermakers support self sufficiency, and Northern Lights generators rated at 50 kilowatts and 65 kilowatts deliver reliable power. With Starlink internet, new appliances, and fresh carpet in the master suite, this Westport luxury motor yacht—a superyacht class flybridge, raised pilothouse cruising yacht—is turnkey and ready to enjoy.

Notable upgrades

Recent upgrades bring the yacht smartly up to date: a new Starlink system keeps everyone connected, a new salon TV sharpens entertainment, and new galley appliances streamline service. The master stateroom has been

refreshed with new carpet for a crisp, inviting feel, and two new nineteen thousand BTU chiller units—two of the three total—have been installed for efficient climate control. Navigation is enhanced with Garmin electronics featuring twin nineteen inch displays at the helm and two seventeen inch screens on the flybridge. Note: there is a minor ding in the propellers.

Salon/galley

The salon feels spacious and relaxed, anchored by a newly upgraded TV for movie nights or quiet mornings. The modern galley, equipped with new appliances, handles gatherings with ease, while efficient air conditioning keeps the interior cool and comfortable. Reliable Wi-Fi keeps guests connected throughout the voyage.

Accommodation

Eight guests sleep comfortably in four luxurious cabins: a full beam master with king size bed and private en suite, a VIP with queen size bed and en suite, plus a double and a twin ideal for family or friends. Three crew cabins accommodate up to five professionals, delivering attentive service while preserving guest privacy.

Deck

Well-maintained exterior areas invite easy relaxation and effortless entertaining. A deck Jacuzzi sets the mood for long sunsets at anchor, while the broad swimming platform makes water access simple and safe for all ages.

Electronics

Navigation and monitoring are clear and intuitive with Garmin electronics featuring dual nineteen inch displays at the helm, complemented by two seventeen inch screens on the flybridge for excellent visibility and control from above.

Mechanical equipment & engine

Power is delivered by MTU 12V2000 engines rated at 1,850 horsepower each, completely overhauled at 6,000 hours for confidence at sea. Naiad stabilizers (not zero speed) steady the yacht underway, while dual Aqua Whisper watermakers support extended, independent cruising.

Electrical system

Single phase 220 volt power feeds all onboard needs, backed by Northern Lights generators rated at 50 kilowatts and 65 kilowatts for dependable supply. Starboard and port engine hours are 12,142 and 12,033, respectively.
