OVERVIEW

Step aboard a vision of contemporary luxury: a 2021, 112 foot yacht now gracing the crystalline waters of Greece, where impeccable design meets formidable performance. The sleek monohull, fashioned from the finest fiberglass and plastic, rides the sea with poise while a GRP deck invites sunlit afternoons and elegant evenings al fresco. Inside, the celebrated designer Lissoni has shaped interiors of refined calm, where every curve and finish speaks of understated sophistication.

Underway, this vessel balances power and serenity, cruising effortlessly at 20 knots and capable of reaching a thrilling 24 knots when the mood for speed arises. Propulsion comes from four Volvo Penta inboard engines, diesel fired and tuned for reliable, responsive passage-making, backed by a fuel capacity of 2,641.72 gallons to support long-range ventures without compromise. Freshwater supplies amount to 581.18 gallons, ensuring comfort and autonomy during extended stays at sea.

Accommodations are conceived for intimate, luxurious travel: up to eight guests are welcomed across four sumptuous staterooms, each appointed with its own en suite head for privacy and ease. The spacious salon unfolds as a serene gathering place, perfect for quiet repose or gracious entertaining, while service is discreetly delivered by a dedicated crew of five housed in three comfortable cabins, ready to anticipate every need.
