OVERVIEW

Mazu Yachts proudly unveils the 112, an elegant mid size member of the DS collection. Building on the momentum of last year's successful 92 DS series, the design voyage for the 112DS is now complete, and the range will soon be enriched by the forthcoming 132DS. Crafted by RedYacht, the 112DS presents a refined, contemporary silhouette and thoughtfully appointed spaces.

The main deck opens into a generous saloon that invites relaxation, while accommodations welcome up to 10 guests across 5 sumptuous cabins — 4 guest cabins plus a lavish master suite. The exterior is arranged for leisure with plentiful lounging and sunbathing areas and an exquisite beach club that enhances onboard conviviality.

Propelled by 4x Volvo Penta IPS 1350 (4x 1000HP), the yacht cruises effortlessly at 16 knots and reaches a maximum of 21 knots, with onboard comfort ensured by a state of the art zero speed stabilizing system. For those exploring yacht sales in the current boat location, this vessel is an outstanding opportunity to acquire a yacht that marries sophistication with performance.

DETAILED DESCRIPTION

Section name

A distinguished shipyard proudly presents the 112, a mid-size marvel in the DS range that follows the successful launch of the 92 DS series last year, with the design process for the 112DS now meticulously completed and the stage set for the forthcoming 132DS in this distinguished line. Crafted with elegance and contemporary flair by RedYacht, the 112DS offers a sumptuous main saloon that radiates refined comfort, while onboard accommodation is intelligently laid out for up to 10 guests across five cabins, including four guest cabins and a lavish master cabin. The exterior is conceived as a sanctuary for relaxation, featuring multiple lounging and tanning areas and a striking beach club that invites unobstructed leisure. Propelled by four Volvo Penta IPS 1350 engines, each delivering 1000HP, the yacht cruises effortlessly at 16 knots and attains a maximum speed of 21 knots, and a zero-speed stabilizing system ensures exceptional onboard comfort even at anchor.
