OVERVIEW

Considering a 33-metre Benetti but seeking a more compelling proposition, place SUNRISE – SES YACHTS 33M at the head of your list. This bespoke flybridge motor yacht, completed during 2006–2007 and delivered in 2007 by SES Yachts to a design by Hasan Ulutas, measures 33 metres (112 feet) and lies in Miami, offered turnkey with five en-suite staterooms and a long-range capability of approximately 1,500 nautical miles. Her generous interior volume and timeless aesthetic provide a sophisticated platform for private cruising or a high-end charter programme.

SUNRISE's cold-moulded wood and epoxy hull yields a lighter displacement and exceptionally comfortable seakeeping, while also delivering superior thermal and acoustic insulation—qualities that define her refined semi-displacement character. Onboard accommodation includes five full en-suite cabins highlighted by a full-beam owner's suite, and social spaces are arranged to favour both convivial gatherings and private retreat. The sweeping flybridge presents extensive lounging areas, sunpads and unobstructed sightlines, creating an expansive outdoor living environment.

Inside, the main saloon is bright and panoramic, appointed with a Bose entertainment system to set an elegant tone for onboard hospitality. The chef-ready galley is fitted with high-spec Gaggenau appliances, Liebherr refrigeration and a Nespresso machine, ensuring culinary performance and convenience at sea. A fully separate crew zone accommodates up to five crew members with private heads, a dedicated crew galley and pantry, enabling discreet, professional service whether used privately or commercially.

Navigation and safety systems are comprehensive, with SIMRAD and Furuno electronics at the helm complemented by a GIANNESCHI fire detection system and automatic suppression in the engine room. Propulsion is provided by twin MTU 12V M70 engines, delivering an economical cruise speed of 11 knots and

a maximum of 16 knots, together with the range to undertake extended passages or coastal hops with confidence.

Measuring a beam of 25'6", SUNRISE feels appreciably more spacious than many GRP yachts of similar length, her classic profile and meticulous detailing lending enduring appeal. For owners seeking a bespoke flybridge motor yacht that balances generous volume, reliable performance and sophisticated finishes, SUNRISE represents a rare, ready-to-go opportunity from a respected yard, poised for immediate enjoyment from her berth in Miami.

DETAILED DESCRIPTION

Equipment

Every safety and operational system aboard has been specified to exacting standards: a bilge alarm backed by electric bilge pumps provides immediate flood detection and mitigation, while a Gianneschi fire alarm detection system and an automatic fire suppression installation in the engine room deliver rapid fire protection. Communications cover every requirement, with a communication VHF and a dedicated VHF alongside one radio, a Simrad RS 86 SSB, a Sailor HC 4500 B radiotelephone, two Simrad HT 50 hand radios and a satellite phone to ensure global reach. Entertainment and connectivity are supplied by Furuno satellite TV paired with a Sea Tel 5L 4 02, 90 cm antenna. Navigation confidence is afforded by a navigation magnetic compass, GPS with chartplotter, a Simrad CX 54 radar supported by a Simrad RA 94 72 nm radar, twin Simrad 48 nm autopilots, a Simrad AP 50 deep sounder and a Simrad IS 15 Navtex. Night and search operations are assured by a Furuno D Fax 208 search light and two Sanshin HRX 150 Xenon units, while a windscreen enhances forward visibility and five Speich airhorns together with Kahlenberg T2 deck equipment provide powerful signaling. The ground tackle is substantial, with a port anchor chain measuring 137 m with 19 mm diameter links and anchors of 150 kg each.

Gallery equipment

The yacht's galley is outfitted to professional standards with a GAGGENAU EB 240 oven, a matching GAGGENAU stove and a GAGGENAU GI 203 microwave, while refrigeration is provided by LIEBHERR fridge/freezers and a dedicated 150-liter storage freezer to keep supplies impeccably preserved. Entertaining aboard is made effortless by LIEBHERR icemakers, a Nespresso coffee maker

and a BOSCH electric BBQ, and cleanup is efficiently handled by an Arcelik dishwasher. Practical onboard convenience continues with a SIEMENS washing machine and a BOSCH dryer, and for atmosphere and entertainment a TECHNIOX Italy audio and video music system is paired with a Bose library and iPod docking stations, enveloping the interior in rich, bespoke sound.

Crew quarters

The onboard crew accommodations are anchored by a captain's cabin with an en-suite head and shower, complemented by three additional crew cabins each fitted with their own head and shower, providing five crew berths in total. A dedicated crew galley and pantry support smooth service and ensure comfort and practicality during extended operations.

Exclusions

Please be advised that the two inflatable tenders are expressly excluded from the sale.
