OVERVIEW

Extensively renewed during 2022–2023, M/Y EVEREAST benefited from a complete fresh hull paint, decks brought back to an as-new finish and all exterior cushions re-trimmed by Bentley. The interior was refined with lighter-toned wood flooring to create a bright, elegant yet inviting atmosphere. Presented in immaculate condition, she is fully up to date with commercial certifications and adheres to the recommended maintenance schedule.

With an interior volume of 236 GT, M/Y EVEREAST accommodates up to 11 guests in five thoughtfully arranged staterooms: a full-beam master suite on the main deck, two VIP double cabins, an additional double and a spacious lower-deck twin with a Pullman berth. This high-performance Sunseeker 115 Sport is outfitted with exceptional amenities, including a hydraulic fold-out balcony to port, a generous sundeck jacuzzi surrounded by expansive sunpads, a fully equipped bar and a dining table for twelve beneath a broad hardtop topped by an electrically opening skylight.

A substantial hydraulic swim platform aft ensures effortless access to the water and rapid launching of the tender, alongside storage for an array of water toys. As the most comprehensively specified example of the 115 Sport series, she benefits from an extensive package of options and upgrades, and was constructed to RINA commercial class with systems adapted for both EU and US electrical standards.

Propelled by twin MTU 16V 2000 M94 engines producing 2,640 hp each, M/Y EVEREAST achieves a top speed of 26 knots while maintaining exceptional comfort and seakeeping thanks to digital ABT-TRAC hydraulic zero-speed fins. At an economical cruise of 12 knots her fuel consumption falls to approximately 200 litres per hour.

Accommodating up to six crew in three dedicated lower-deck cabins with separate, discreet access from guest areas, the yacht has been designed and

finished to elevate the experience for owners, families and guests alike, affirming her place as one of Sunseeker's most iconic sport yacht models.
