OVERVIEW

Crafted in 2022 and lovingly maintained in Greece, this 114-foot luxury motor yacht marries contemporary refinement with assured seakeeping, offering effortless passages between secluded Aegean coves and lively island marinas. Her generous 24-foot beam creates an expansive, airy interior, while the advanced GRP/fiberglass construction ensures a smooth, quiet ride and robust durability on long voyages.

Twin MTU inboard diesels give her the propulsion to balance pace and poise, cruising comfortably at 21 knots with the capability to reach 26 knots when the itinerary calls for speed. A shallow draft of just over 6 feet allows this yacht to slip into intimate bays and boutique harbors that larger vessels must bypass, making her an ideal platform for exploring Greece's crystalline shallows and hidden anchorages.

Inside, sun-drenched salons and refined surfaces foster a calm, modern atmosphere. The main salon flows effortlessly to generous exterior living areas, forming a seamless setting for alfresco dining and evening cocktails as the sun slides below the horizon. Ten guests are accommodated in beautifully appointed cabins, supported by six well-finished heads to maintain privacy and comfort for all aboard. A professional crew of six delivers discreet, attentive service, elevating every moment on deck and below.

Designed for gracious, uncomplicated life at sea, her expansive deck spaces invite days that glide from sun-soaked relaxation to elegant nights under starlight. Significant freshwater capacity makes extended stays comfortable, while a substantial fuel reserve supports long-range cruising without sacrifice. From morning swims in sheltered coves to grand arrivals at waterfront destinations, she transforms each passage into an occasion.

An elegant synthesis of performance, presence, and generous volume, this 2022 114-footer is a turnkey, sophisticated choice for owners seeking a

modern superyacht in the heart of the Mediterranean—equally at ease on spirited island hops or tranquil coastal retreats.

DETAILED DESCRIPTION

Accommodations

Five guest cabins are complemented by four dedicated crew cabins, delivering generous overnight capacity with ten guest berths and six crew berths, while comfort and privacy are assured by six well-appointed head compartments for guests plus a further four for the crew, creating a considered layout that balances social spaces and private retreats for extended cruising.

Performance

Effortless performance is delivered by twin MTU 16V 2000 M93 engines, each rated 2,400 Mph (1790 KW), with engine hours showing 503 hrs (February 2023), while shipboard power is supplied by two KOHLER 70 KW / 50 Hz generators logging 2180.1 hrs and 2166.5 hrs respectively (February 2023), and the hull achieves a top speed of 26 kn with a comfortable and efficient cruising speed of 21 kn for long passages.

Tank capacity

Extended autonomy is assured by fuel capacity of 18000 l, complemented by 3000 l of fresh water and 2500 l dedicated to sewage and grey water, providing the reserves required for prolonged voyages and comfortable operation between ports.

General

Thoughtfully specified for elevated cruising, the yacht features a gracious portside balcony off the master cabin, an electric stern thruster for precise

low-speed handling, and a standard layout refined by additional soundproof insulation between the saloon and engine room as well as in the master cabin; the upgraded A/C "Gulf Version" ensures unwavering climate control in hot conditions, while double Racor filters for the generators bolster reliability, safety equipment encompasses provisions for the crew and fire extinguishers, onboard water quality is enhanced by a water softener and water purifier, and in the garage a tender filling station draws directly from the main fuel tanks for seamless operations.

Exterior

The exterior has been elevated with one additional sundeck laid in teak in lieu of the standard aft hard top, while ground tackle confidence comes from a 16 mm stud-less chain measuring 150 m paired with an MV16 windless rated at 140 kg; on the bow a dedicated cover protects the seating area, and the flybridge invites open-air living with full teak flooring, a bar cabinet, a refrigerator, an icemaker, two coffee tables, and a Barbeque Texan grill, aft an electric main door welcomes you into the saloon, RIGID telescopic handrails line both sides of the gangway, and comfort is extended by a cockpit enclosure and a manual shade net, with entertaining made effortless at the cockpit bar cabinet with refrigerator and icemaker and the beach area furnished with two chaise longue and a coffee table that transform the platform into a waterside lounge.

Interiors

Onboard living is enhanced by a central vacuum system, a latex memory-foam mattress, and safes in the VIP port, VIP starboard, and crew areas; the galley-pantry is chef-ready with a wine cooler, a professional dishwasher, an additional washer and dryer, a pot holder on the induction hob, and a

dedicated galley trash bin. The master cabin indulges with a fridge, two holding armchairs, a folding coffee table for the balcony, massage bed storage in the owner's cabin, a vanity with drawer and matching chair, a glass-cover shelf in the owner's portside cabinet, rails for total blackout curtains, and a safe with internal light in lieu, while in the saloon dining chairs line the starboard side and seating is generous with a four-seat sofa without armrest, a two-seat sofa without armrest on portside, and another two-seat sofa without armrest all gathered around a small coffee table, complemented by a bottle holder atop the port entry cabinet that accommodates ten bottles; the lower deck lobby adds a convenient refrigerator, guest cabins benefit from an additional folding bed in each cabin and dedicated guest cabin filler cushions, and in the crew mess a folding iron shelf adds practical utility.

Electrical system

Evenings glow with six underwater lights beneath the swim platform, and exterior ambiance is fine-tuned via dimmers and spot lights on the aft flybridge, while power management is seamless thanks to automatic parallel between generators and one Glendinning Cabelmasters; practical touches include additional ceiling lights in the galley, electric curtains on the main deck for the saloon and master cabin, and a focused reading light at the vanity desk in the master cabin.

Navigation & controls

Command is intuitive with an upgraded FURUNO navigation package and AIS for confident situational awareness, while precision handling is enhanced by remote controls for the main engines and the bow thruster, operable from both the cockpit and the flybridge to simplify close-quarters maneuvering.

Entertainment system

Life on board is amplified by an upgraded A/V package, including dedicated beach speakers that bring the water's edge to life, while surveillance and peace of mind come via a fixed video camera in the aft cockpit ceiling, a zooming and pivoting video camera in the engine room connected to the navigation system, and an additional camera in the saloon to cover key onboard spaces.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
