OVERVIEW

Boasting timeless, flowing lines, this tri-deck motor yacht casts an elegant silhouette on the horizon. Three generous decks offer sumptuous entertaining areas and restful accommodations for up to ten guests across five ensuite staterooms, with a distinguished on-deck master suite at the heart of the arrangement. An expansive flybridge beneath a hardtop presents a four-stool wet bar, a soothing hot tub and broad open-air lounging for true superyacht living. A striking dark blue hull announces her presence, while twin MTU engines and TRAC stabilizers with TRAC bow and stern thrusters ensure confident bluewater cruising. Advanced systems include Furuno navigation, Seatel SAT TV and a watermaker, making this luxury flybridge yacht perfect for private cruising or refined charter.

DETAILED DESCRIPTION

Deck equipment

An upgraded garage has been thoughtfully engineered to accommodate an 18' tender, integrating the platform mechanism and a pod into the engine room while benefiting from enhanced fire insulation for added safety and peace of mind. Side mount stairways with hull fittings are fitted port and starboard (P & S) and are complemented by side doors on both sides to allow effortless boarding and service access. Forward, a plush sunpad, a comfortable bench seat and a dining table crown the bow, while warm teak sheathing graces the foredeck and side decks to accent the yacht's elegant exterior. Safety glass side windows and a laminated windscreen preserve panoramic visibility, and low level 24V lighting along the side decks is part of the upgraded exterior light package that sets the mood for evening cruising. Seamless operation is assured by dual horns, a remote control spotlight, two stainless steel anchors handled by two anchor windlasses with hand control, and twin anchor chain washdowns for efficient deck maintenance.

Mechanical

Power is delivered by twin MTU 16V 2000 M94 engines rated at 1,800 hp each, currently showing approximately 1,962 hours, complemented by two ONAN generators with 4,600 hours between them to support hotel loads. TRAC stabilizers keep the ride composed in a range of conditions, while TRAC bow and stern thrusters provide confident close quarters control and precise maneuvering. Extended autonomy and onboard comfort are ensured by a high capacity watermaker and a comprehensive air conditioning system, making the yacht equally capable for long passages and relaxed liveaboard use.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
