OVERVIEW

SORAYA is a 35.4m Pershing 115, launched in 2007 as the celebrated flagship of Pershing's high octane line and recently renewed through a comprehensive 2026 refit that included a full repaint and carefully considered cosmetic enhancements. Italian built and penned by Fulvio De Simoni, she juxtaposes a striking, aerodynamic exterior with an interior originally refreshed by Winch Design, marrying performance pedigree with refined onboard style.

Powered by twin MTU diesel engines driving KaMeWa waterjets, this planing performance yacht accelerates to an exhilarating 34 knots and comfortably cruises at 28 knots, while her 7.2m beam and 189 GT deliver exceptional sport flybridge volume in a compact, attention grabbing silhouette. The layout is optimised for swift passagemaking and elegant entertaining, featuring an expansive open plan main salon, luminous dining areas and a sweeping aft deck dedicated to alfresco living. The lower deck accommodates up to seven guests across three beautifully appointed cabins, anchored by a full beam owner's suite that benefits from an adjoining private office. Outside, a streamlined flying bridge and an inviting foredeck lounge provide premium sunning and social spaces, and practical stowage is provided by a bow hangar and aft garage that house a 4.5m tender and two jet skis, keeping the deck uncluttered and ready for adventure.

Equipped with Seakeeper stabilizers for superior comfort at anchor and an ultra shallow 1.44m draft that grants access to exclusive bays, SORAYA's silver grey livery and refreshed luxury amenities underscore her turnkey appeal. With proven engineering and immediate availability, she offers a rare opportunity to own a high performance Italian superyacht prepared for instant enjoyment.

DETAILED DESCRIPTION

Soraya - yacht description

SORAYA is a 35.4m Pershing 115 motor yacht, delivered in 2007 as the class flagship and recently subjected to a comprehensive 2026 refit that included a full repaint and extensive cosmetic enhancements. Crafted in Italy to a design by Fulvio De Simoni, her assertive, aerodynamic exterior is balanced by an interior originally conceived by Winch Design and tastefully refreshed to contemporary standards. Propelled by twin MTU diesel engines driving KaMeWa waterjets, she achieves an exhilarating top speed of 34 knots and a comfortable cruising speed of 28 knots, while her 7.2m beam and 189 GT provide remarkable sport-flybridge volume within a sleek, attention-grabbing silhouette.

The layout has been carefully arranged to suit high-speed passages and refined entertaining alike, featuring an expansive, open-plan main salon suffused with natural light, elegant dining areas and a sweeping aft deck tailored for alfresco living. Accommodations below deck sleep up to seven guests in three beautifully appointed cabins, highlighted by a full-beam master suite that enjoys the added privacy of an adjacent owner's office. On deck, a streamlined flybridge and an intimate foredeck lounge offer premium sunning and relaxation spaces, while practical stowage is provided by a dedicated bow hangar and stern garage capable of housing a 4.5m tender and two jet skis.

Presented in turnkey condition, SORAYA combines pedigree Italian engineering with modern comfort, including Seakeeper stabilizers for superior comfort at anchor and an ultra-shallow 1.44m draft that makes her especially suited to exploring secluded, shallow-water anchorages. With her updated luxury appointments, iconic silver-grey profile and immediate availability, she represents a rare opportunity to own a legendary high-performance

superyacht.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
