OVERVIEW

Launched in 2024 and lying in Greece, this 117-foot luxury motor yacht embodies contemporary Mediterranean elegance with the poise and presence of a true superyacht. Crafted in advanced GRP composite with a fiberglass hull and decks, she blends strength, quiet running, and low-maintenance practicality, inviting effortless cruising from the Ionian to the Cyclades and beyond. A generous 26-foot beam and an interior volume of roughly 298 GT translate into expansive living areas inside and out. The low 6.43-foot draft opens up secluded coves and shallow anchorages that many yachts her size cannot access, making island-hopping both spontaneous and serene. Sun-soaked lounging zones, a welcoming aft terrace for lingering meals, and a breezy upper deck designed for relaxed, all-day entertaining set the tone for life on board—casual, refined, and distinctly Mediterranean. Twin Caterpillar inboard diesels deliver composed power, bringing her smoothly to a top speed of up to 19 knots with a comfortable cruising gait around 14 knots. Substantial fuel reserves—nearly 9,800 gallons—offer impressive autonomy for extended passages, while the ample freshwater capacity provides hotel-like comfort on longer stays at anchor. This is a yacht engineered for effortless days that stretch into weeks, with the range and reliability to go wherever the moment leads. Inside, natural light and clean-lined contemporary finishes create a tranquil retreat. The salon invites conversation and unhurried dining with panoramic views as the backdrop, while the accommodations can be arranged to host family and friends in en-suite comfort and privacy. Every detail is shaped by modern yachting sensibilities: seamless indoor-outdoor flow, thoughtful storage for water toys and gear, and systems designed for quiet, efficient operation. Underway, her composite construction encourages a smooth, composed ride, and the meticulously organized machinery spaces make daily operation straightforward for crew and owner-operators alike. Whether cruising privately or curated for luxury charter, she strikes a

sophisticated balance between performance, comfort, and versatility—equally at ease slipping into a chic harbor or setting a course for a secluded bay.

Delivered as a 2024 build and presented in Greece, this GRP superyacht is an ideal platform for discerning owners seeking a modern, Mediterranean-ready motor yacht with timeless appeal, contemporary efficiency, and the polished confidence of twin Caterpillar diesel power. DETAILED DESCRIPTION

Sanlorenzo SD118/156 "K2"

"K2", SD118/156, is a 2024 Sanlorenzo motor yacht that unites the SD line's signature silhouette—shaped by the spirit of classic transatlantic liners—with clean, contemporary design. She welcomes up to eleven guests in five ensuite cabins, highlighted by a full-beam master suite on the main deck. At water level, the Beach Club features openable side balconies that expand the space and turn a swim stop into an easy, all-day experience, while the generous exterior decks invite relaxed lounging and effortless entertaining.

Power comes from twin CAT C32 ACERT diesel engines, 1,622 hp each, delivering a comfortable 14-knot cruise and a top speed of 19 knots. At an economical 11 knots, the yacht offers a range of 2,500 nautical miles, giving the freedom to choose longer routes with confidence. "K2" is turn-key and ready for her next owner—step aboard, cast off, and go.

Sanlorenzo SD118/156 «K2»

«K2», SD118/156 — моторная яхта Sanlorenzo 2024 года, сочетающая фирменный силуэт линейки SD, вдохновленный классическими трансатлантическими лайнерами, с чистым современным дизайном. На борту удобно размещаются одиннадцать гостей в пяти каютах с собственными санузлами; главная каюта во всю ширину корпуса расположена на главной палубе. У уровня воды расположен бич-клуб с откидными боковыми балконами, которые расширяют пространство и превращают остановку на купание в комфортный отдых на весь день, а просторные внешние палубы располагают к расслабленному отдыху и приятному общению.

Два дизельных двигателя CAT C32 ACERT мощностью 1 622 л.с. каждый обеспечивают комфортную крейсерскую скорость 14 узлов и максимальную 19 узлов. На экономичном ходу в 11 узлов запас хода составляет 2 500 морских миль, что дает свободу выбирать более протяженные маршруты с уверенностью. «K2» полностью готова к выходу: поднимайтесь на борт, снимайтесь со швартовов и отправляйтесь в путь.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
