OVERVIEW

Launched in 2025, the 37 metre Benetti JULES is a pristine expedition motor yacht conceived on Benetti's celebrated B.Yond platform, artfully uniting genuine blue water capability with sumptuous onboard comfort. Naval architecture from PLANA Design and exterior styling by Stefano Righini combine to produce a robust steel hull and a lightweight aluminium superstructure, while a shallow 2.5 metre draft gives exceptional freedom for island hopping and extended cruising in every season.

Propulsion comes from twin MAN diesel electric units, each rated at 1,380 hp, enabling a top speed of 14 knots, a comfortable cruising speed of 10 knots and an impressive 5,000 nm transoceanic range. RINA classification and IMO Tier III compliance underscore a modern, efficient approach to long distance passagemaking and reduced environmental impact.

The 37m platform has been intelligently packaged to deliver interior volume and living areas more commonly found on much larger yachts, with seamless indoor-outdoor connections throughout. A panoramic sundeck invites all day relaxation, a private owner's deck with terrace offers a discreet refuge, and the expansive upper deck salon and dining spaces are crafted for effortless entertaining. Guests will also find a foredeck jacuzzi and a waterline beach club complete with a sauna, bringing the sea directly into the heart of the experience.

Benetti's in house design team has specified a contemporary interior palette of warm timber finishes, soft neutral tones and refined marble accents. Accommodation for up to 12 guests is arranged across six ensuite cabins, highlighted by a full beam owner's suite that includes a private lounge and an outdoor terrace, while a professional crew of up to nine delivers attentive service throughout each voyage.

Completing the offering are two Williams DieselJet tenders that make coastal

exploration and time on the water effortlessly accessible. With six guest cabins, generous exterior entertaining areas, a 5,000 nm ocean crossing capability, IMO Tier III compliance and a waterside beach club, JULES exemplifies the long range luxury motor yacht in both form and function.
