DETAILED DESCRIPTION

Overview

U.S. duty paid and having benefited from in excess of $2,000,000 invested between 2023 and 2025, GOTTA GO is a 2008 Benetti Classic 121 measuring 36.9 meters, a refined three deck displacement motor yacht built with a GRP hull and superstructure. Her exterior lines are the work of Stefano Righini, while the interior was conceived by François Zuretti, and a focused yard period in July 2026 further advanced the extensive refit work carried out over the preceding three years. She is arranged to sleep ten guests in five staterooms, highlighted by a full beam owner's suite on the main deck, and provides accommodations for seven crew. Propulsion comes from twin Caterpillar C32 engines, each rated at 1,550 horsepower, delivering an economical 11 knot cruise and an approximate range of 3,300 nautical miles, while Zero Speed stabilizer fins ensure comfort at anchor. Her gross tonnage is 299, with a beam of 25 feet 11 inches and a draft of 7 feet 5 inches. Guests are welcomed into an elegant main salon with a formal dining area forward, a refined skylounge on the bridge deck, a covered aft deck perfectly suited for al fresco dining, and an expansive sundeck equipped with a Jacuzzi, wet bar, and sun loungers.
Trade in proposals will be considered.

Highlights

With a gross tonnage of 299, this yacht elegantly balances generous volume, long-range capability and a celebrated pedigree, boasting an exterior by Stefano Righini and interiors by François Zuretti. Accommodation is arranged for refined comfort with the owner's suite situated on the main deck and a total of five staterooms, while a sundeck Jacuzzi and Zero Speed stabilizer fins create calm, luxurious moments at anchor. Propulsion is delivered by twin

Caterpillar C32 engines, each producing 1,550 horsepower and currently recording 5,900 hours, supported by two Kohler 70 kW generators showing 1,922 hours and 716 hours (since major overhaul, SMOH). She offers a 3,300 nautical mile range at 11 knots, draws 7 feet 5 inches and welcomes up to ten guests served by seven crew. In July 2026 a comprehensive yard period was completed, including two coats of antifouling, new zincs and Propspeed applied to the props, shafts, struts and rudders.

Main salon

Flooded with daylight through expansive panoramic windows, the main salon presents an open, luminous environment where a formal seating area has been carefully composed around bespoke cabinetry and graceful coffee tables. Discreetly integrated television and audio systems provide effortless entertainment, while comprehensive climate control guarantees an impeccable atmosphere in every season. Sumptuous wood finishes carry the Italian interior styling through the space, unifying the design into a refined, sophisticated whole, and a formal dining room opening directly off the salon ensures a seamless transition from relaxed socializing to elegant dining.

Dining

Situated forward of the main salon, the formal dining room comfortably accommodates eight to ten guests at the table, with glassware and service pieces discreetly housed in the room for effortless access. The galley sits close by to facilitate prompt, unobtrusive service, rendering this elegant setting equally appropriate for intimate private dinners and polished business entertaining.

Skylounge

Perched on the bridge deck, the skylounge functions as the yacht's second indoor lounge, luxuriously furnished with plush sofas, refined lounge chairs and a dedicated entertainment center, each element arranged to take full advantage of panoramic vistas. It opens directly onto the aft bridge deck, producing a seamless indoor–outdoor connection and offering a quiet, private sanctuary for movie nights away from the livelier spaces of the main deck.

Master stateroom & lounge

Occupying the full beam of the main deck, the owner's suite is a serene, light-filled retreat centered on a king bed and bordered by large windows that frame uninterrupted sea views. Meticulously appointed, the space includes a walk-in wardrobe, an inviting seating area and a refined desk with vanity that together provide both repose and practicality. The en-suite bath is finished in marble and enhances daily routines with double sinks, a separate shower and premium fixtures throughout.

Guest stateroom 1

The VIP stateroom is a quiet sanctuary appointed with a queen-size bed, a private en-suite bathroom and generous wardrobe and storage provisions, all meticulously configured to deliver seamless comfort and an atmosphere of refined ease.

Guest stateroom 2

As one of the two twin guest staterooms, this gracious cabin is appointed with twin beds, its own private bathroom and a seamlessly integrated

entertainment system, offering a thoughtfully designed, family-friendly layout that also satisfies the refined expectations of discerning charter guests.

Galley

A fully professional galley sets the standard for onboard culinary presentation, equipped with commercial-grade refrigeration, ovens and cooktops and dedicated prep stations to support complex menus. The configuration provides crew with direct service access, while the intelligently conceived layout is engineered for long passages and effortlessly accommodates both formal dining service and more relaxed, casual meal experiences.

Pilothouse

The pilothouse is arranged around the captain’s command station and seamlessly houses comprehensive navigation electronics, radar, communications suites and engine monitoring systems so that every essential function is immediately at hand. Generous, unobstructed sightlines provide exceptional visibility, while the deliberately conceived layout is tailored to a professional working crew, enabling confident and efficient operation.

Aft deck

On the main deck aft a sheltered alfresco enclave hosts an outdoor dining table surrounded by plush seating, offering welcome respite from the sun and immediate access to the swim platform. One level above, the bridge deck aft unfolds into a spacious open air lounge appointed with a dining table and shaded seating, delivering elevated panoramic views and serving as a preferred social hub while underway.

Sundeck

Perched above, the sundeck is the yacht's premier outdoor salon, where broad sunbathing terraces and refined chaise lounges are paired with ample additional seating, a fully appointed wet bar and a Jacuzzi. Surrounded by uninterrupted 360-degree vistas, it offers an idyllic backdrop for relaxed afternoons, golden-hour cocktails and evenings that unfold into unforgettable sunsets.

Swim platform

Nestled at the waterline, the swim platform transforms the stern into a refined, multifunctional waterfront stage, functioning as the tender's boarding point, granting immediate access for swimmers and serving as the dedicated launch area for watersports, so embarking and disembarking remain seamless and effortless for guests.

Crew area

Crew accommodation for up to seven is provided in well-appointed cabins, complemented by a dedicated crew mess and convenient laundry facilities to support seamless day-to-day operations. Carefully designed, segregated crew entrances and service corridors allow the team to move and work efficiently without crossing guest areas, preserving privacy and delivering discreet, uninterrupted service.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
