OVERVIEW

AMORE, a 2022 Numarine 37XP expedition superyacht, was commissioned by an experienced yachting family and conceived for global cruising in ultimate comfort while carrying an ample complement of toys on deck. She sleeps 14 guests across six cabins, including two Pullman berths, and presents a rare twin-master configuration with a private owner's suite on the upper deck and a second full master suite forward on the main deck. The lower guest deck houses four additional staterooms and a generous cinema lounge ideal for entertaining; two of those lower cabins are fitted with Pullman berths that provide sleeping for up to two extra guests. Crew accommodation for up to eight includes a captain's cabin on the bridge deck, three double crew cabins below adjacent to the crew mess, and an additional crew berth within the expansive laundry suite complete with its own ensuite—a layout well suited to remote expeditions that may require an embarked dive master or specialist guide. Signature amenities include a climate-controlled beach club with a dayhead and dedicated watersports storage, shore power converters, a jacuzzi and an expansive boat deck equipped with a 3-ton davit capable of launching an 8m-plus tender while still leaving space for three full-size jet skis and additional inflatables. Built on a full-displacement steel hull with a composite superstructure, AMORE is fitted with zero-speed stabilizers and offers a range in excess of 4,500 nautical miles, marking her unmistakably as a true bluewater explorer.

Recently refreshed by her owners with an extensive selection of toys and updated interior décor, AMORE is run by a highly experienced captain and crew and has become a sought-after luxury motor yacht on the charter market. She is US duty paid and represents an excellent candidate for bonus depreciation. Currently Jamaican-flagged and commercially registered, she was named Fraser Yachts' "Charter Yacht of the Year" in her size category for two

consecutive seasons. For the 2026/2027 Caribbean winter seven weeks of charter are already secured, providing a turnkey charter operation; alternatively, a purchaser closing in 2026 could take advantage of bonus depreciation and step straight into well over $750,000 of charter revenue between November and April—an attractive prospect for an investor-owner. The vessel is operated to a 50m program standard with department heads on rotation and a mini-ISM planned maintenance regime in place, and benefits from full yacht management oversight to ensure all flag-state and class certifications remain current and scheduled maintenance is executed meticulously. AMORE is currently aboard Dock Express and scheduled to arrive in Fort Lauderdale at the end of October; because she is US duty paid, inspections can be arranged with appropriate notice for both U.S. and international buyers.

DETAILED DESCRIPTION

Specifications

Commissioned by Numarine in 2022, the 37XP pairs exterior styling by Can Yalman with interiors crafted by Hot Lab, measuring 37 m / 121.5 ft LOA with an 8 m / 26.3 ft beam, a 2.71 m / 8.11 ft draft and a gross tonnage of 345. A steel hull provides strength beneath a GRP superstructure that lends poise and refinement. Propulsion is supplied by two MAN engines rated at 800 hp each, enabling a comfortable cruising speed of 12 knots, a maximum of 14 knots, and an impressive range of 4,500 nm when underway at cruising speed. Built to RINA Pleasure Craft standards, she is flagged in Jamaica and compliant with Commercial Class requirements. Guest accommodation caters to fourteen across six cabins, featuring a private owner's deck on the upper level and a full-beam VIP suite forward on the main deck, supported by seven guest bathrooms. Crew facilities sleep eight in three cabins, include a dedicated Captain's cabin and an additional single crew cabin with en-suite.

Key features

Designed to deliver generous living spaces alongside serious long-range capability, this yacht offers a six-guest-cabin arrangement that can accommodate up to fourteen guests, supported by quarters for eight crew and a private owner's deck situated on the upper level. The forward VIP suite on the main deck is exceptionally spacious and functions as a true secondary master, while a dedicated cinema on the lower deck provides a private entertainment venue. Long passages are effortless thanks to a 14,500-gallon diesel fuel capacity and a cruising range of approximately 4,500 nautical miles, with shore power converters available for effortless shore connections when alongside. The flybridge is appointed for open-air leisure with a Jacuzzi and a

bespoke carbon-fiber extended hard top, and deck operations are simplified by a 3-ton davit. The generous boat deck is configured to carry a 9m tender plus two full-size jet skis and an array of watersports equipment, and the aft beach club offers convenient toy storage and a half bath for easy access to the water. Crew benefit from comfortable accommodations and a well-equipped laundry facility, while the vessel's structural pedigree features a full-displacement steel hull with a composite superstructure, finished in Stars & Stripes Blue (Alwgrip) and enhanced by bespoke interior detailing. Maintained to exacting standards by a full-time professional crew, the yacht has been privately owned since new, lightly used by family and friends, and has never been chartered.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
