DETAILED DESCRIPTION

Overview

The AZZURRA CUSTOM PLATFORM 36M stands among the largest in her class at 350 GT, delivering amenities typically found on 50m+ superyachts. As hull number two in the series, she blends accelerated delivery with full customization, presenting a refined balance of scale, capability, and bespoke detailing.

Her adaptable layout accommodates up to six guest staterooms, highlighted by a full-beam main deck Master Suite with a private office, while an elevator services all decks for effortless movement throughout. The luminous main salon, framed by full-height windows and sliding doors, dissolves the boundary between interior comfort and open air, and side balconies on the main deck aft unfold to create a floating terrace with a 180° panorama. The upper deck may serve either as a secluded Owner's deck or a versatile skylounge, with the option to configure a second master stateroom paired with a fully private deck on this level.

Engineered for long-range cruising with low fuel consumption and excellent stability, the AZZURRA CUSTOM PLATFORM 36M ensures comfort and autonomy at sea, whether on extended passages or at anchorage. Offered at €15,500,000, she represents a rare opportunity for immediate delivery backed by Tureddi's renowned craftsmanship and limitless customization.

Navigation system and communication

At the helm, state-of-the-art Furuno radar, GPS, and a chartplotter deliver precise situational awareness and effortless route management, while TVHF and a satellite system provide dependable communication wherever you

cruise. Onboard entertainment is seamlessly delivered by an integrated audio-video system complemented by satellite TV.

Safety

An integrated suite of safeguards enhances peace of mind on every passage, combining surveillance cameras that keep vigilant watch over key areas, an intrusion alarm that protects the vessel in port, at anchor, or underway, and a comprehensive fire detection system that provides early warning across living and technical spaces.

Comfort and amenities

A centralized climate control system and a centralized heating system maintain an ideal onboard environment in every season, while a high-capacity boiler delivers abundant hot water on demand. Outdoors, the pool invites refreshing dips alongside the Sun Bar, transforming the deck into a private resort at sea.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
