# OVERVIEW

---

MCP Yachts and VRIPACK are thrilled to unveil their latest masterpiece. Presenting a bespoke aluminum Superyacht, expertly crafted to align with the owner's vision. This extraordinary vessel signifies the start of a long-term design collaboration between MCP Yachts and the renowned Dutch firm, Vripack.

The Seaview, spanning 40 meters, is driven by two powerful Caterpillar C32 engines, each producing 1,925 MHP. This formidable pairing, coupled with a specially engineered hull, achieves a maximum speed of 19 knots and a vast cruising range of 3,500 nautical miles. For those desiring an efficient transoceanic voyage, it offers a leisurely pace of 10.8 knots while using just 100 liters of fuel per hour.

The MCP 40.7M features outstanding indoor and outdoor spaces, ideal for every family member. It includes seven opulent staterooms, with a forward-facing Owner's suite that boasts a generous private terrace.

On the lower deck, two additional VIP rooms offer ample lodging, while the upper deck is entirely devoted to family leisure, featuring a forward-facing observation lounge with an asymmetrical balcony for intimate family moments. The sky lounge is crafted with gullwing lookouts, providing stunning forward vistas and easy access to the expansive sheltered aft deck. This well-considered layout ensures crew members can operate smoothly, upholding the highest service standards.

Exterior - The design emphasizes onboard privacy, with all areas accessed and serviced by the crew via separate stairs and corridors, allowing guests to enjoy uninterrupted relaxation. "Maximizing space on a 40-meter yacht required innovative planning," notes Bart Bouwhuis, creative director at Vripack. "The dynamic collaboration between the Owner, MCP, and our team resulted in a layout that is both practical and refreshingly unconventional."

Interior - Revel in sweeping sea views through large windows, where timeless elegance meets contemporary sophistication, perfect for luxurious travel, exciting adventures to distant locales, or peaceful family cruises. This stunning 40.7-meter superyacht achieves a perfect harmony between daring design and refined comfort, embodying performance and grace. The remarkable partnership between these esteemed brands has resulted in a truly exceptional vessel, now available for yacht sales in the current boat location. If you're seeking to purchase a yacht that redefines luxury, this is an opportunity not to be overlooked.

# DETAILED DESCRIPTION

---

## Section name

---

This yacht is outfitted with a remarkable selection of electronics and interior equipment, guaranteeing a smooth and opulent experience on the water. The electronic package features a depth sounder, log-speedometer, and wind speed and direction indicators, all enhanced by repeaters and a navigation center. For accurate navigation, you have access to a plotter, autopilot, compass, and GPS, along with VHF and radar systems, including a radar detector. Entertainment needs are well met with a computer, TV, VCR, DVD player, radio, CD player, and speakers in the cockpit.

Inside, the yacht is equipped with a Seakeeper for stability, as well as stern and bow thrusters for effortless maneuvering. Both electric and manual bilge pumps ensure safety, while a battery charger keeps everything running smoothly. Comfort is a priority, with an air compressor, air conditioning, and heating systems, along with hot water and a fresh water maker. The galley is fully equipped with a dishwasher, washing machine, oven, microwave, and a refrigerator with a deep freezer.

The electrical setup includes a shore power inlet, generator, and inverter, providing dependable power sources. Externally, the yacht boasts a teak cockpit and sidedecks, a gangway, and a hydraulic gangway for easy boarding. Renewable energy options are available with a wind generator and solar panel. Relaxation is enhanced with cockpit cushions, a cockpit table, and a swimming ladder, while a cockpit shower adds convenience. Additional features include outboard engine brackets, davits, a radar reflector, a tender, and a liferaft for safety.

To shield against the elements, the yacht is fitted with a Bimini top, mainsail cover, and cockpit cover, ensuring that every part of your voyage is

comfortable and enjoyable.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
