OVERVIEW

Built upon the 124 Martinique's fast-displacement platform and fashioned from high-tensile steel, this design achieves a lighter luxury motor yacht without compromising structural rigidity or onboard comfort. Conceived by Rene van de Velden with naval architecture by Diana Yacht Design, COCOON pairs a timeless, refined superyacht silhouette with an ingenious layout and elevated onboard indulgence.

DETAILED DESCRIPTION

Cocoon - Martinique 124

The 37.8m (124ft) COCOON is a Martinique model delivered in 2023 by Moonen Yachts in The Netherlands. An award winning and most popular build in the Moonen Caribbean line, she showcases exterior design by renowned Dutch designer René van der Velden and naval architecture by Diana Yacht Design, while her Scandinavian styled interior is the work of Sweden's Andreas Martin Löf Arkitekter. Elegant and sophisticated, COCOON is both an entertainer's dream and an ideal family getaway, with space to accommodate twelve guests and seven crew and an exterior conceived to create a flawless indoor outdoor connection, where generous, comfortable seating and dining areas flow across three decks. The expansive main deck welcomes you with a large saloon that opens into an adjacent formal dining area, a capacious galley and an impressive master suite complete with separate His and Hers bathrooms, while the main deck aft provides an additional lounge and stairs descending directly to the swimming platform for effortless access to the water. Large sliding doors seamlessly link the winter garden to the bridge deck aft, forming one harmonious space, and the sun deck delivers full 360° views with a spacious lounge finished with bar and grill facilities. An almost continuous band of panoramic windows along the main and bridge decks frames spectacular vistas and maximises the sense of space and light throughout, so that COCOON's interior feels significantly larger than her length suggests. Power is provided by twin Caterpillar engines delivering a combined 4,000 horsepower, propelling her to a top speed of 16.5 knots and a comfortable cruising speed of 14.5 knots, an exceptional synthesis of power, performance and elegance that ensures an unforgettable experience at sea.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
