OVERVIEW

IZUMI is a 2008 PALMER JOHNSON 120 SportYacht, extending 124 ft overall and representing the sixth hull in the line that launched the PJ SportYacht heritage. Nuvolari Lenard designed both exterior elegance and interior ambience, with naval architecture developed in collaboration with Donald L. Blount & Associates. The result is a 37.91 m aluminium planing hull with a GRP superstructure, built to Lloyd's Register standards, a yacht that appears swift at anchor and confirms its speed underway.

Twin MTU 12V4000 M90s deliver a 24-knot cruising pace and a 28-knot top end. Reducing to 14 knots extends range to approximately 900 nautical miles, while TRAC dual-fin stabilisers smooth the ride.

Accommodation is arranged for seven guests: a forward Master, two aft VIPs, plus a day room that converts to an additional berth. Five crew occupy three cabins, including the captain's, preserving guest privacy. Bang & Olufsen audio serves the master and salon, and Starlink provides connectivity at sea.

The superstructure conceals the toys: a forward tender garage with a hydraulic cover and a 1,000 kg davit carries a Williams SportJet 435, keeping decks clear and the profile clean.

IZUMI has been meticulously maintained. A refit was completed at Lauderdale Marine Center in December 2024, following a 2023 service program that included new shaft housings, bearings and seals, repitched propellers, a new hydraulic pump, refreshed air-conditioning components, sanded teak, new exterior cushions, and refinished interior wood and leather. Antifouling was last performed in November 2025.

She is lying in Fort Lauderdale, Florida, and available for inspection.

DETAILED DESCRIPTION

KEY FEATURES

IZUMI represents hull six of the original Palmer Johnson 120 SportYacht series, a 2008 Palmer Johnson 120 SportYacht with a length overall of 124 ft. The exterior and interior have been thoughtfully designed by Nuvolari Lenard. The yacht features an aluminium hull with a GRP superstructure and is constructed to Lloyd's Register class. Accommodations offer seven guests in three cabins, plus a convertible day room, with berths for five crew in three cabins, including the captain's. A forward tender garage with a hydraulic cover and a 1,000 kg davit are fitted. Refit work was completed at Lauderdale Marine Center in December 2024. Shestakov Yacht Sales.

ACCOMODATION

IZUMI, a 2008 PALMER JOHNSON 120 SportYacht, sleeps seven guests in three cabins plus a convertible day room, with the owner's suite located forward and two VIP cabins aft. Guest accommodations comprise a forward master cabin and two aft VIP cabins, together with a day room that converts to an additional single berth. Five crew are accommodated in three cabins—including the captain's—and have a separate mess and laundry to ensure discreet service and privacy for guests. There are nine heads in total, of which three are designated for crew (to be confirmed).

The interior was designed by Nuvolari Lenard; wood and leather were refinished in 2023. Climate control is provided by a 16 ton reverse cycle air conditioning system (192,000 BTU) with digital controls in each room. Entertainment equipment includes theatre systems in the salon and master, Bang & Olufsen surround sound in the salon, Samsung flatscreen TV in the

master, LG flatscreen TVs in each VIP, a TV in the crew mess and TVs at each crew berth, and Starlink connectivity throughout. Laundry appliances are a Miele washing machine and dryer.

MECHANICAL EQUIPMENT

IZUMI is a 2008 PALMER JOHNSON 120 SportYacht, 124 ft loa. The propulsion is a shaft driveline with seals and bearings, powered by two MTU 12V4000 DDEC M90 marine diesel main engines rated at a combined 2,049 kW (approximately 5,500 HP). Engine hours are 5,060 on the port engine and 5,061 on the starboard. Gearboxes are ZF 4650 A. Propulsion uses five blade fixed pitch NiBrAl propellers.

Electrical generation is provided by two Kilo Pack 62 kW generators with instrument panels; generator hours are 9,668 (port) and 9,956 (stbd). The vessel has a shore power converter rated 60 kVA and one Glendinning CM-8 cable reel with 75 ft of 100 amp shore power cable. Alternation and charging equipment includes two main engine driven alternators, two generator driven alternators, maintenance free batteries and Mastervolt constant voltage battery chargers.

Steering is electro hydraulic with dual engine driven pumps and fly by wire controls at the helm and docking/wing stations, with an emergency steering system installed. Stabilization is by a TRAC dual fin stabiliser system. Maneuvering assistance is provided by a tunnel type proportional bow thruster, fitted with a bow thruster grill/guard and sacrificial zinc.

The hydraulic functions are managed by an integrated hydraulic system. Air conditioning is a reverse cycle system rated 16 tons (192,000 BTU) with digital room controls. Domestic water is produced by one watermaker equipped with an ultraviolet steriliser; the water system includes a G & R Gruppo 2 Jet 518 fresh water pressure set, two 30 gallon electric water heaters, a ring type hot water system with circulation pump, seawater piping of copper nickel (CuNi), a

dockside fresh water connection with pressure reducing valve, and sea chests with sea strainers on engine and generator seawater supplies. Water treatment comprises sediment and taste/odour cartridges and a UV steriliser.

Sanitary systems include TECMA toilets and a Hamann marine sanitation device for sewage treatment. Bilge and fire suppression systems are manifolded. Fuel systems include an Alfa Laval oil/water separator, Separ fuel filters with gauge, water sensor and priming pump, and an Oberdorfer 110 fuel transfer pump.

NAVIGATION EQUIPMENT

IZUMI is outfitted with a 4.5" magnetic compass, a Simrad GC-80/85 gyro compass featuring an AR-78 repeater, a Furuno radar rated to 96 miles, and a Furuno sonar. The vessel includes a Simrad AP-50 autopilot, a Furuno FA-150 AIS, a chart plotter system, a Furuno NX-300 NAVTEX, a comprehensive wind instrument package, navigation lights with a 24V control panel including N.U.C. lights and Aqua Signal fixtures, and four CCTV cameras for monitoring. Built by PALMER JOHNSON in 2008, model 120 SportYacht, LOA 124 ft. Shestakov Yacht Sales.

COMMUNICATION EQUIPMENT

VHF: Two Simrad HS-100. Internet: SATCOM satellite communication and WiFi capability. Satellite TV: SATCOM satellite television. Canonical identity — name: IZUMI; yearBuilt: 2008; builder: PALMER JOHNSON; model: 120 SportYacht; loaFt: 124. Shestakov Yacht Sales.

DECK EQUIPMENT

IZUMI is a 2008 PALMER JOHNSON 120 SportYacht, 124 ft. Deck equipment

comprises Maxwell 4000 capstans and a pair of polished stainless steel Ray anchors mounted on the stem with anchor chain and chain wash provision. A Marquipt aluminium gangway with teak treads and a self-deploying swim ladder serves the custom swim platform. An aft awning is fitted, and the exterior also features bimini and windshield covers, teak decking, and an exterior lighting system. Forward on deck is a tender garage with a hydraulically operated cover and a 1,000 kg capacity davit. Mooring arrangements include deck-mounted Maxwell 4000 capstans, mooring bollards to port and starboard, six mooring lines, and related fittings.

ENTERTAINMENT EQUIPMENT

IZUMI, a 2008 PALMER JOHNSON 120 SportYacht with a length overall of 124 ft, is outfitted with a comprehensive suite of entertainment systems. The main salon houses a Samsung TV, a theatre system featuring a flatscreen monitor and Bang & Olufsen surround sound. In the owner's suite, there is a Samsung flatscreen TV, a theatre system, and a Bang & Olufsen audio system with surround sound. Each VIP cabin aft, port and starboard, is equipped with an LG flatscreen TV. The crew mess includes an Asus TV, and every crew berth has a JVC TV. Exterior decks offer music source selections and marine speakers. Satellite capability comprises two satellite receivers with distributed signal (Starlink). Additional systems include entertainment setups with flatscreen monitors in guest and crew areas, plus a Lantic system integrated throughout the vessel. Shestakov Yacht Sales.

GALLEY & LAUNDRY EQUIPMENT

IZUMI is a 2008 PALMER JOHNSON 120 SportYacht, LOA 124 ft. The galley features a four-burner Miele induction cooktop with stainless steel trim, a stainless steel-trim convection oven, and a single Gaggenau microwave oven

with stainless steel trim. Refrigeration and freezing are provided behind stainless steel front panels, and dishwashing is handled by one Miele dishwasher finished in stainless steel trim. A black trash compactor is installed. The sink fixture is a Grohe Europlus with sprayer, and a Sub-Zero wine cooler is included. Miscellaneous galley equipment comprises heat lamps, a stainless steel-trim range hood, a sink disposal, custom cabinetry, and a stainless steel countertop. Laundry equipment consists of one Miele washing machine and one Miele drying machine.

SECURITY & SAFETY EQUIPMENT

IZUMI is a 2008 PALMER JOHNSON 120 SportYacht, 124 ft LOA.

The vessel is equipped with an alarm system with monitors located in the pilothouse, crew lounge and engine room that monitor bilge, fire and tank capacities. Four CCTV cameras provide monitoring. A deluge fire system is installed for the garages and the engine room is fitted with a NOVEC-type fire suppression system. Fire dampers are fitted on the engine room intake and exhaust vents. A Safety Plan is carried onboard.

On-deck and lifesaving equipment includes two life rings, a flare kit with six rocket flares, forty adult and nine child life jackets, and two Viking six-person liferafts. Portable fire extinguishers and a line throwing device are provided. A safe is installed in the captain’s cabin. Shestakov Yacht Sales.
