OVERVIEW

Discover the Epitome of Elegance: The 2027 Superyacht

Step aboard the pinnacle of luxury and performance with this exquisite 2027 superyacht, currently located in the heart of Italy. This magnificent vessel, a masterpiece of modern engineering and design, is now available for sale, offering an unparalleled opportunity to own a piece of maritime excellence.

Spanning an impressive 127 feet in length, this yacht is a testament to the art of yacht building, crafted with precision by the renowned PALUMBO SUPERYACHTS. Its sleek monohull design, constructed from a sophisticated blend of fiberglass and plastic, ensures both durability and a smooth, graceful glide through the water. The deck, made from high-quality GRP, provides a sturdy yet elegant platform for both relaxation and entertainment.

Designed by the illustrious Fulvio De Simoni, the interior of this yacht is a sanctuary of opulence and comfort. Every detail has been meticulously curated to create an ambiance of refined luxury, from the sumptuous furnishings to the state-of-the-art amenities. With three crew cabins accommodating up to five crew members, you can be assured of impeccable service and attention to detail throughout your voyage.

Powered by three robust MAN inboard engines, this yacht boasts an impressive cruising speed of 26 knots, with the capability to reach a thrilling maximum speed of 35 knots. Whether you're cruising the Mediterranean or embarking on a transoceanic adventure, this vessel promises a journey of unparalleled speed and efficiency.

With a generous fuel capacity of 5,283.44 gallons and a water capacity of 924.6 gallons, this yacht is designed for extended voyages, allowing you to explore the world's most breathtaking destinations without compromise. The shallow draft of just over 4 feet ensures access to secluded coves and hidden harbors, offering a truly unique yachting experience.

This yacht is not just a vessel; it's a lifestyle. Whether you're seeking a private retreat or a platform for entertaining, this yacht offers the perfect blend of performance, luxury, and style. Don't miss the opportunity to own this extraordinary yacht, available for sale now in Italy. Embrace the ultimate in yachting luxury and make this stunning vessel your own. For those looking to buy a yacht that embodies both elegance and adventure, this is the perfect choice.

DETAILED DESCRIPTION

Isa Viper 130

The ISA Viper 130 is a stunning example of modern yacht design, combining performance, elegance, and luxury in a vessel that stretches 38.72 meters in length. Constructed with a composite hull and superstructure reinforced with carbon fiber, this yacht is a testament to ISA Yachts' over twenty years of expertise in crafting GRP sports boats renowned worldwide.

The exterior and interior design of the Viper 130 have been masterfully developed by Fulvio De Simoni Studio, while the naval engineering is expertly handled by ISA Yachts. This displacement vessel is powered by three MAN engines, each delivering up to 2200 horsepower, allowing the yacht to achieve a maximum speed of 35 knots and a comfortable cruising speed of 26 knots.

The yacht's layout is thoughtfully divided into distinct zones, with the cockpit being the most representative area. At sea level, the stern beach club is equipped with a multifunctional transformer that serves as both a bathing step ladder and a gangway. Ascending two side steps, guests will find a large sun pad facing aft, complemented by a lounge area furnished with sofas and a coffee table. The two opening side balconies enhance the liveability of this space, while the third zone features an outdoor table that seats up to eight people. The aft galley and bar, with its up/down tinted glass partition, offers versatility for both formal and informal occasions, such as show cooking and cocktail parties. A staircase to the left of the bar leads to the sun deck.

To maximize interior space, ISA Yachts has opted for a single port-side walkway to the bow. Amidships, near the lounge, another opening balcony provides breathtaking views from the indoor sofas. At the bow, a circular swimming pool is surrounded by sun loungers and sofas, offering a perfect spot for relaxation.

Inside, the yacht features a second combined galley and bar, leading to a bright lounge with floor-to-ceiling windows that open to reveal stunning scenic views. The lounge is furnished with semi-circular sofas and armchairs, and a second 10-seater circular table completes the setup. The command bridge is located on the main deck forward, with a staircase to its left leading to the lower deck, which houses four double cabins with private bathrooms and the owner's cabin with a double bathroom.

The sun deck, protected by a carbon hard top, includes a second helm station and provides a private and versatile space for guests. Its layout features two large sun pads at the stern, a lounge area with sofas, an L-shaped bar, and a 12-seater table.

Accommodations for a crew of four, plus the captain, are provided in three cabins with private bathrooms. For discreet service, the staircase to the crew quarters is located in the galley. Additionally, the yacht includes a garage on the starboard side for a 5-meter tender, ensuring that every detail of luxury and functionality is seamlessly integrated into the ISA Viper 130.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
