## OVERVIEW

---

Measuring 39.6 metres, the ISA Extra 130 Alloy L.A.U.L is an all aluminium, long range motor yacht delivered in 2019 by Palumbo Shipyard in Savona. Conceived by Francesco Guida with naval architecture developed jointly by Studio Rogantin and Palumbo Superyachts, this tri deck superyacht combines expansive interior and exterior volume with a thoughtfully resolved layout that enhances liveability both underway and at anchor. The upper aft deck is appointed for elegant alfresco living, incorporating dining, comfortable seating and a dedicated bar, while side walkways lead forward to a generous sundeck topped by a jacuzzi. A broad swim platform provides direct access to the aft main deck and to the tender garage, which houses a 5.4 metre tender and a jet ski, and lounges, sunpads and multi use entertainment zones are carefully distributed across every deck.

Inside, sweeping panoramic glazing floods minimalist white and grey interiors with natural light, softened by tactile leather, metal and slate detailing; the main salon, featuring a 65" swivel TV, opens seamlessly to a formal dining area for 12. Accommodation is arranged around a full beam owner's suite on the main deck, with three VIP double cabins and a twin below, supported by five crew cabins for seven crew and the Captain's cabin located on the navigation deck. Propelled by twin 1,800 hp CAT C32 engines, L.A.U.L achieves a top speed of 17 knots, a cruising speed of 12 knots and an impressive 5,200 nm bluewater range at 9 knots. Equipped with underway and zero speed stabilizers, held in private use only and maintained under a rigorous program, this contemporary explorer yacht ranks among the most compelling yachts available on today's market.
