OVERVIEW

MCP Yachts and Vripack present their latest collaboration, a statement of vision and craft. A fully bespoke aluminum superyacht, conceived and realized hand in hand with the owner's aspirations, it sets the ideal foundation for a multi-year design and development partnership between MCP Yachts and the renowned Dutch studio Vripack.

The Seaview 40 meters is driven by twin Caterpillar C32 engines at 1,925 MHP each which, paired with a meticulously optimized hull, deliver a top speed of 19 knots and a cruising range of 3,500 nautical miles. At an efficient 10.8 knots, she offers true transoceanic capability while consuming only 100 liters per hour in total, uniting long-range economy with serene comfort.

The MCP 40.7M showcases exceptional indoor-outdoor living tailored to the entire family, providing seven staterooms in all, including a forward-facing Owner's suite opening onto a generous private terrace. Two additional VIP cabins occupy the lower deck, while the upper deck is devoted entirely to family life, with a forward observation lounge and an asymmetrical balcony designed for intimate moments. A sky lounge with gullwing-style lookouts grants commanding forward views and flows to a large, sheltered aft deck. All guest areas are deftly separated from the crew domains, enabling flawless, discreet service at all times.

Privacy informs the exterior arrangement, with crew stairways and corridors providing independent access to every environment for seamless hospitality. "Unlocking maximum spatial value within 40 meters demanded an inventive planning approach," says Bart Bouwhuis, Vripack's creative director. "A dynamic co-creation with the Owner and MCP produced a layout that is perfectly logical yet refreshingly unconventional." Inside, sweeping sea views are magnified by expansive glazing, where timeless and contemporary elements coexist for refined passages, exhilarating bluewater adventures to

the world's far reaches, or relaxed family cruising. A harmony of boldness and grace, comfort and performance, defines this exquisite 40.7-meter luxury motor yacht. The extraordinary alliance of these esteemed names culminates in a result that is simply exceptional.

DETAILED DESCRIPTION

Overview

Thoughtfully appointed for confident passages and effortless enjoyment, the yacht's electronics suite places precision and clarity at your fingertips with a depthsounder, log-speedometer, and wind speed and direction instrumentation feeding repeater(s) and a fully featured navigation center with plotter, autopilot, compass, GPS, and VHF. Situational awareness is enhanced by radar paired with a radar detector, while an onboard computer streamlines planning. Entertainment flows seamlessly through a TV set, VCR, DVD player, radio, CD player, and cockpit speakers.

Onboard comfort and control are elevated by a Seakeeper, with close-quarters handling refined by stern thruster and bow thruster. Reliable bilge management comes via an electric bilge pump and a manual bilge pump, supported by a battery charger and an air compressor. Year-round climate serenity is delivered through air conditioning, heating, and hot water, while extended autonomy is ensured by a fresh water maker and a sea water pump. The galley and utility suite are comprehensively equipped with a dishwasher, washing machine, oven, microwave oven, refrigerator, and deep freezer, and the yacht accommodates every preference with a marine head, an electric head, and a chemical head.

A robust electrical backbone featuring a shore power inlet, generator, and inverter underpins quiet nights at anchor and reliable cruising between marinas.

Out on deck, the ambiance is framed by a teak cockpit and teak sidedecks, with easy access provided by a gangway and a hydraulic gangway. Energy independence is bolstered by a wind generator and a solar panel, while alfresco living is enhanced with cockpit cushions, a cockpit table, a swimming

ladder, and a cockpit shower. Practical cruising touches include outboard engine brackets, davits, and a radar reflector, and the yacht's readiness for adventure is completed by a tender and a liferaft.

Protection from the elements is assured by a Bimini Top and a cockpit cover, so every passage unfolds in comfort and style.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
