MCP Yachts and VRIPACK proudly present their latest creation

Introducing a fully customized aluminum Superyacht, meticulously crafted in collaboration with the owner's aspirations. This remarkable vessel marks the beginning of a multi-year design partnership between MCP Yachts and the esteemed Dutch studio, Vripack.

The Seaview, measuring 40 meters, is powered by two robust Caterpillar C32 engines, each delivering 1,925 MHP. This impressive combination, along with a uniquely designed hull, allows for a top speed of 19 knots and an extensive cruising range of 3,500 nautical miles. For transoceanic journeys, it offers an economical and comfortable speed of 10.8 knots, consuming only 100 liters of fuel per hour.

The MCP 40.7M boasts exceptional indoor and outdoor areas, perfect for every family member. It features seven luxurious staterooms, including a forward-facing Owner's suite with a spacious private terrace.

On the lower deck, two additional VIP rooms provide ample accommodation, while the upper deck is entirely dedicated to family enjoyment, featuring a forward-facing observation lounge with an asymmetrical balcony for intimate family gatherings. The sky lounge, with its gullwing lookouts, offers stunning forward views and seamless access to the expansive sheltered aft deck, all while ensuring crew areas remain discreetly separated for optimal service.

Exterior - The design prioritizes privacy on board, with all areas accessed and serviced by the crew through dedicated stairs and corridors, ensuring guests enjoy uninterrupted relaxation. "Maximizing space on a 40-meter yacht required innovative planning," states Bart Bouwhuis, creative director at Vripack. "The dynamic collaboration between the Owner, MCP, and our team resulted in a layout that is both practical and refreshingly unconventional."

Interior - Experience breathtaking sea views through expansive windows,

where classic elegance meets modern sophistication, ideal for refined travel, thrilling adventures to remote destinations, or leisurely family cruises. This exquisite 40.7-meter superyacht strikes a perfect balance between bold design and refined comfort, embodying performance and luxury. The exceptional collaboration between these prestigious brands has culminated in a truly remarkable vessel, now available for yacht sales in the current boat location. If you're looking to buy a yacht that embodies elegance and adventure, this is an opportunity not to be missed.
