### Lady in Blue motor yacht for sale

---

LADY IN BLUE (41.07 m / 135') is an Italian motor yacht built by Clemna and Rossi Navi Shipyard for a European owner. Designed by Cusumano Engineering and launched in 1999, she has been impeccably maintained and, following a comprehensive technical refit completed in 2024, is presented in true turn-key condition. A steel hull paired with an aluminium superstructure and a full-displacement form confer notable comfort and stability, while she artfully combines timeless Italian craftsmanship with contemporary sophistication. Her elegant interiors, redesigned by Dada & Associates, blend warm woods and refined textures with a modern Mediterranean sensibility. Expansive exterior decks create a seamless dialogue between indoors and out, from the generous aft deck to the sun-filled upper terrace with dining for ten, a bar and a large sunlounge. Accommodation is for ten guests in five staterooms, including a full-beam Owner's suite, two doubles and two twins, all finished to a high standard, while separate crew quarters for seven ensure discreet, professional service. Powered by twin Caterpillar engines and supported by two new 70 kW Kohler generators installed in 2024, she cruises efficiently at 12 knots, reaches 15 knots maximum, and offers a range of 2,300 nautical miles. At-anchor stabilizers and renewed technical systems deliver quiet, vibration-free comfort in all conditions. Complementing her capabilities, the yacht carries a 5 m waterjet tender and an inviting collection of water toys, including two Seabobs, a SUP, a wakeboard, and comprehensive snorkeling and fishing gear.
