OVERVIEW

Presenting SEAWOLF X, a 42.84m luxury motor catamaran by Rossinavi, launched in 2024 and kept pristine after limited charter activity. Sleeping 12 guests in five elegantly crafted staterooms, this avant garde superyacht harmonises refined style, indulgent comfort, and progressive engineering.

Conceived by Meyer Davis with a discreet New York sensibility and drawn from sun, sea, and sand, her interiors radiate effortless calm, celebrating organic textures and eco conscious materials. The sleek, low-slung exterior by Fulvio De Simoni Yacht Design unveils three remarkable alfresco zones: an aft cockpit anchored by a serene pool, a broad sundeck for unhurried lounging, and an adaptable foredeck where a concealed pool converts into an open air cinema. Integrated solar capability and ultra light construction amplify efficiency and range, ensuring the yachting experience remains luxurious.
