OVERVIEW

GIOIA is a 43m (141ft) luxury motor yacht, handed over in 2024 by the renowned Italian shipyard Codecasa. Her gunmetal-grey superstructure perched above a pristine white hull gives the vessel a bold, contemporary stance, while a sleek profile and meticulous detailing announce a modern elegance that reads clearly from every angle.

Within, clean, contemporary lines are softened by a warm, inviting atmosphere that epitomizes Italian style. Custom joinery and carefully sculpted stone surfaces provide a refined setting that frames the sea beyond, marrying restrained minimalism with tactile richness to create an effortlessly elegant, full displacement yachting environment.

GIOIA accommodates up to 12 guests in five well proportioned cabins. The full beam owner's suite on the main deck includes a private salon, his and hers walk in wardrobes and a beautifully appointed his and hers bathroom. Down on the lower deck, two double cabins and two twin cabins with Pullman berths — each fitted with its own en suite — offer flexible sleeping arrangements ideal for family and friends, ensuring privacy and comfort throughout the voyage.

Outdoor life is celebrated across generous deck spaces. The sun deck is appointed for relaxation with a raised jacuzzi, expansive sunpads, a fully equipped wet bar and an inviting aft seating area. The bridge deck aft has been conceived for refined al fresco dining, while additional lounging areas on the main deck aft and the foredeck provide versatile settings from morning coffee to evening aperitifs, underscoring her credentials as a bluewater superyacht and private yacht cruiser.

As one of Codecasa's newest launches, GIOIA reflects the yard's latest advancements in technology, design and craftsmanship. Built to Lloyd's classification and LY3 standards and benefiting from in house naval

architecture, she combines a robust steel hull with an aluminum superstructure. Zero speed stabilizers further enhance onboard comfort, delivering exceptional composure both at anchor and underway — qualities essential to a long range, ocean going motor yacht.

Propelled by twin Caterpillar C32 engines, she achieves a top speed of 16.5 knots and cruises economically at 11 knots. With a transatlantic range of 4,000 nm, GIOIA promises refined performance, lasting reliability and the freedom to explore distant horizons in consummate superyacht style.
